

# 2003 Recreational Fishing Regulations Summary

CAZON  
NR  
R23

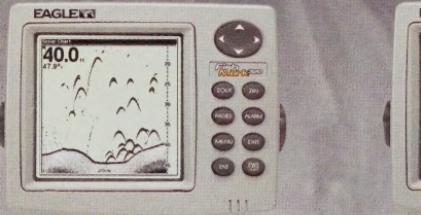

- Ontario Family Fishing Weekend July 4-6, 2003
- New Splake and Muskellunge Regulations
- Panfishing ... fun with the little ones!

# How to get a lot better looking for a whole lot less.

## New Cuda™

Feature rich, entry-level economy fishfinders with temp and 128 or 168 vertical pixel displays, plus the wide-screen Cuda™ 168x.

## New! FishMark™ 320

Unbelievable power, performance and low price in this pro-grade sonar with temp and incredible 320x320 pixel resolution.

## New! FishElite™ 320 Recorder

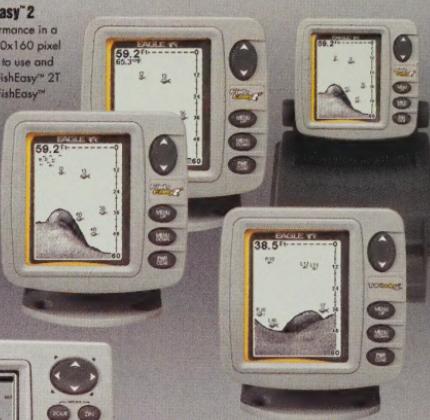

Affordable new combination of powerful sonar and GPS+WAAS/mapping performer with unique memory card recording versatility.

## The New Eagle® Sonar and GPS+WAAS Line-up for 2003!

Looking for fish. Looking to find your way. For the best in performance, picture quality, choices, and especially the best values, the new Eagle® line-up for 2003 is a welcome sight for frugal eyes. With even more power, resolution, and versatility for inland as well as coastal and Great Lakes waters. Including all-new sonar models, from amazing entry-level performers to deep-sounding dual-frequency powerhouses. And new recording GPS+WAAS models – with and without sonar – featuring superb built-in mapping and Navionics® electronic charts compatibility. What isn't new? Only the Eagle® tradition of giving you the most in total performance for the lowest total price. So if you have an eye for great electronics, while keeping an eye on your budget, you just can't get any better looking than Eagle® for 2003!

## Popular FishEasy™ 2

Power and performance in a super-high-res 240x160 pixel sonar that's easy to use and afford. Includes FishEasy™ 2T (with temp) and FishEasy™ Portable choices.

## Incredible TriFinder™ 2

Up to 150° fish detection coverage shows targets left, right, and underneath the boat with sharp 240x160 pixel resolution.

## New! IntelliMap™ 320 Recorder

Picture-perfect GPS+WAAS/mapping navigation on water or land with unique recording convenience that's nicely affordable.

## New! Dual-frequency SeaFinder™ 240s, SeaFinder™ 320s, and SeaCharter™ 320s

Unbelievable power, picture, and deep water performance at unbelievable low prices in sonar and combo sonar/GPS+WAAS chartplotter choices.

## STAY CLEAR, STAY SAFE

**ONTARIO POWER GENERATION CARES ABOUT YOUR SAFETY.** That's why we're asking Ontario residents and visitors to stay clear of our hydroelectric stations and dams. They're unsafe places for recreation activities in any season. Water flows can change quickly and without notice. Some dams have gates that may be remotely controlled and, in just a few minutes, can change a dry or calm river bed into a river with dangerous flows. Strong currents in the reservoirs behind the dams – especially near the power intakes and sluiceways – also pose dangerous hazards. **So remember: ALWAYS STAY CLEAR** of all hydroelectric power stations, dams, and spillway channels...and **STAY SAFE**.

# Premier's Message

Anglers love the outdoors.

You love the fresh air and the opportunity to pass along the great traditions associated with fishing — such as a deep respect for Ontario's natural beauty and diversity.

Proof of that diversity is in Ontario's 250,000 inland lakes and countless rivers and streams, which are home to 37 species of sport fish. In 2000, recreational anglers caught more than 107 million fish, over three-quarters of which were released.

Anglers make an enormous contribution to Ontario's economy, too.

You spend approximately \$1.7 billion annually on a range of goods and services related to recreational fishing. As a result, the sport fishing industry in Ontario supports many thousands of jobs.

Anglers also play an important role in wildlife conservation and protection. I believe we must all do our part to protect Ontario's land and waters so that our children can continue to enjoy this precious legacy.

On your next fishing trip, I hope you'll consider taking a young person along with you. Sharing your experiences and insights is the best way to ensure that this great way of life continues to be enjoyed for many years to come.

A handwritten signature in blue ink, appearing to read "Ernie Eves".

Ernie Eves, MPP  
Ontario's Premier

An advertisement for Ontario Parks. It features a photograph of a small wooden boat on the left and a campsite with two dark tents reflected in a lake on the right. The background shows a forest with autumn foliage. The Ontario Parks logo is in the top left corner, and the "Ontario" logo is in the bottom left corner. A red rectangular box on the right contains promotional text.

# FISHING ONTARIO

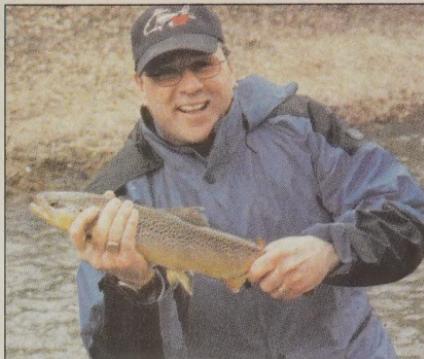

Fishing has long been a favourite outdoor activity in Ontario for young and old alike, and is a key part of the province's heritage. Whether you enjoy fly-fishing on a trout stream, down-rigging for salmon, ice fishing for jumbo perch or angling for a trophy northern pike or muskie, the opportunities are almost endless.

As an avid angler, I have seen first-hand the important relationship between healthy waters and healthy fish populations. We cannot have healthy fisheries without good fish habitat, which is also an indicator of a healthy human environment.

To ensure that we have healthy waters and fish, the Ministry of Natural Resources will be placing greater emphasis on habitat and fish community restoration, watershed planning and local stewardship programs this year. We will also do more to get young people involved in angling. As young anglers grow up, they develop a greater appreciation for the environment and can become partners in conservation, working with the ministry's biologists to improve fish habitat, clean up our lakes and rivers, and enhance our fisheries.

Providing fishing opportunities close to home is one way to foster greater participation on the part of families and youngsters. Many of the province's urban centres are close to great fishing. To provide even more opportunities for youngsters to catch a fish, in 2003 the ministry will carry out additional stocking of catchable-size rainbow trout.

As we promote these opportunities, we'll also raise the profile of underused or alternative species that are widely available, fun to catch and tasty to eat.

Photograph Courtesy of Bob Arbeau

In order to make it easier for anglers of all ages to go fishing, we are streamlining the provincial fishing regulations. We will be standardizing the seasons and limits for most species across Ontario over the next couple of years.

You will notice in this year's summary that the regulations on spalake and muskie have been streamlined. Spalake seasons are now open year round in most areas, with the same creel limit across the province. Muskie seasons have been extended to December 15 in many areas. Anglers fishing for other species

will also benefit as we continue to simplify the regulations for all our major sport fish.

Commercial advertising has also been included in the summary. It helps the ministry provide better customer service to anglers by highlighting goods and services that may be of interest, and raises additional revenues for the Fish and Wildlife Special Purpose Account, which is used exclusively for fish and wildlife management.

By following the regulations and advice found in this Summary, you can do your part in ensuring that Ontario's recreational fishery is strong and sustainable now and for future generations to enjoy. And remember, healthy waters mean healthy fish.

See you in camp,

A handwritten signature in cursive ink that reads "Jerry J. Ouellette".

Jerry J. Ouellette  
Minister of Natural Resources

## ONTARIO'S FISH STOCKING PROGRAM

The Ontario Ministry of Natural Resources (OMNR) operates ten fish hatcheries, or fish culture stations. These hatcheries produce 11 species of fish (Brook trout, Brown trout, Rainbow trout, Lake trout, Aurora trout, Spalake, Atlantic salmon, Chinook salmon, Coho salmon, Whitefish, and Walleye). They also maintain 20 hatchery-resident broodstocks (fish maintained for breeding). In recent years, about 8.5 million fish have been stocked annually into approximately 1200 waterbodies across the province.

In addition to fish produced by MNR hatcheries, partners, most notably the Community Fisheries and Wildlife Improvement Program (CFWIP) produce fish for stocking into Ontario public waters. In this partnership, local volunteers with technical and financial assistance from MNR, raise local fish to stock back into local waters. In recent years partners have reported stocking about 1.8 million fish (excluding walleye fry) annually.

For information about MNR fish stocking in your area, please contact your local District Office of the Ministry of Natural Resources. A list of these offices is provided on page 91 of the *Ontario Recreational Fishing Regulations Summary*.

For more information on the Ontario Ministry of Natural Resources Fish Culture Program visit our website [www.mnr.gov.on.ca/fishing/hatch.html](http://www.mnr.gov.on.ca/fishing/hatch.html) – An MNR website dedicated to the provincial fish culture stations.

or by calling 1-800-288-1155

in Ontario only.

For more information, call  
**1-800-387-7011.**

In recognition of the importance of fish and wildlife, the Ontario government made a commitment in 1995 that all fish and wildlife licence revenue would be dedicated to the management of these resources.

Every dollar you spend on fishing and hunting licences goes into the Fish and Wildlife Special Purpose Account to enhance angling and hunting opportunities in Ontario.

You can help even more by purchasing your three-year licence tag when you renew your Outdoors Card. This ensures your outdoor privileges won't lapse and helps sustain funding for fish and wildlife management in Ontario.

Genetic analysis

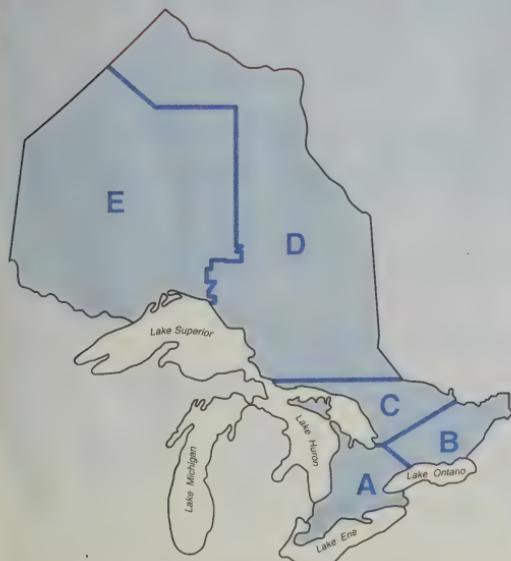

# HOW TO USE THIS SUMMARY

To help you quickly find the fishing information you need, we have divided Ontario into five regions, labeled A, B, C, D and E (below). All information for a region is grouped together.

Each region is broken into fishing divisions. The General Regulations for each division are found in the Division/Species Table following the region map. Once you have read the General Regulations, be sure to check for any Exceptions to the General Regulations which may apply to the waterbody you will be fishing.

Many regions feature additional fishing opportunities that you won't want to miss. These special opportunities are listed as Additional Fishing Opportunities following the region map.

**PLEASE NOTE THAT NEW REGULATIONS AND CHANGES FOR THIS YEAR ARE PRINTED IN RED.**

In order to ensure you are complying with the regulations, please follow these easy step-by-step directions.

1. Ensure that you have the right kind of fishing licence (pages 1- 4).
2. Understand and comply at all times with the General Fishing Regulations (pages 5 -12)
3. Refer to the area map where you plan to fish:  
Southwestern Ontario ..... Map A ..... Page 15  
Southeastern Ontario ..... Map B ..... Page 25  
Central Ontario ..... Map C ..... Page 36  
Northeastern Ontario ..... Map D ..... Page 53  
Northwestern Ontario ..... Map E ..... Page 73
4. Determine which division you plan to fish in.
5. Once you have determined the division you plan to fish in and the species you wish to fish for, you MUST:
  - Refer to the Division/Species Table for that map area to ensure that you are:
    - fishing during an open season;
    - complying with the catch, possession, and size limits.
  - Check the "General Notes" and "Bait and Gear Restrictions" listed after the Division/Species Table.

**AND**

  - Check the "Exceptions to the General Regulations" (following the Division/Species Table) for the body of water or general area in which you will be fishing and comply with the exceptions that are shown. If the body of water in which you will be fishing is not listed in the exceptions there are no additional restrictions.
6. If you are not sure whether you can fish at a certain time and place, or if you have any questions about the regulations, contact the local Ministry of Natural Resources office. See listings on pages 91 and 92.
7. Also, don't forget to review the "Additional Fishing Opportunities" in each map area to make the most of your fishing experience.

## Message from the Chair of the Ontario Fish and Wildlife Advisory Board

The Ontario Fish & Wildlife Advisory Board is a group of individuals, representative of the vast outdoor community supporting conservation, preservation, and sustainability of our province's fish and wildlife resources. It is a privilege to chair this advisory body, and have the opportunity to work with such a dedicated group of conservationists.

The board provides advice to the Minister of Natural Resources on fish and wildlife matters, monitors revenue and expenditures related to the Special Purpose Account, promotes outdoor experiences, and assists in the development and implementation of an effective and efficient fish and wildlife program. The board members are hunters, anglers, tourist outfitters, trappers, and commercial fishermen – a good cross section of people who truly care about the sustainable management of our natural resources.

This past year was an exciting one with the passage of the *Heritage Hunting and Fishing Act*. The members of the advisory board were active participants in consultations with stakeholders, and were vigilant in ensuring its timely passage. The new act affirms that the outdoor community has a right to hunt and fish in accordance with the law. The act also establishes a Fish and Wildlife Heritage Commission. The Commission will have a broader range of responsibilities than the existing Fish & Wildlife Advisory Board.

Taking care of our fish and wildlife resources is an enormous task. It can only be done successfully through ongoing communication and information sharing among those who value the social, economic, and cultural traditions of recreational fishing and other wilderness activities. Resource users contribute over seventy per cent

of the dollars used for the fish and wildlife program. These dollars go directly into the Special Purpose Account, which is used solely for fish and wildlife conservation and management.

The board has been instrumental in licensing improvements, fee changes, and new revenue sources to enhance fisheries management. The introduction of paid advertising in both the Hunting and Fishing Summaries is only one of the ways the board has contributed to significant increases to the Special Purpose Account. We have also provided valuable advice on streamlining the regulation summaries to make them more user-friendly, promoted the stocking of warm water fish species, and assisted in discussions with the Commercial Fishing Industry and the Bait Association. The formation of an access sub-committee has allowed for closer monitoring of a number of access issues, and resulted in enhanced fishing opportunities. The advisory board continues to promote improved service quality to angling clients, effective marketing, the maintenance of a world-class enforcement program, and the importance of good science for effective management.

As we move forward with new initiatives, we will continue to actively seek the advice of all stakeholders and resource managers. Fishing is an important part of our heritage, and it is up to all of us to use our precious natural resources in a responsible manner to be enjoyed now and for future generations.

We wish you all a terrific year and great fishing.

Sandy Dickson  
Chair of the Ontario Fish and Wildlife Advisory Board

## FISH SPECIES AT RISK

In Ontario, 33 species of freshwater fishes are listed as extinct, extirpated, endangered, threatened, or of special concern. Most of these species, with the exception of the Aurora trout (endangered) and the genetically unique lake whitefish of Lake Simcoe (threatened) are not well known to anglers.

Although most fishes at risk are found in southern Ontario, species such as the shortjaw cisco, northern brook lamprey and the Aurora trout are also found in the northern parts of our province. Most of Ontario's fishes at risk are "at risk" because of loss of habitat and the negative effects of introduced species. Recovery plans are being developed and carried out for a number of watersheds where there are fish species at risk.

To learn more about Ontario's species at risk, visit  
<http://www.ontarioparks.com/sar.html>

**Species at risk - act today so they have tomorrow**

# Recreational Fishing Licence Information for Residents of Ontario and Canada

Most Canadian residents need a licence to fish in Ontario. Fishing licences are sold by more than 2,000 licence issuers, with all sales revenue used to manage the resource. If you are fishing in Ontario for the first time, we welcome you and offer this information to guide you through the purchase of your first Outdoors Card and fishing licence tag. If your Outdoors Card has expired, don't wait — order your new card and licence tags today. (For information on non-resident licence requirements, see page 4).

## What is an Outdoors Card?

An Outdoors Card is a plastic, wallet-sized, identification card to which your Ontario fishing licence tag is affixed. It acts as a durable carrier for your licence tag for three calendar years.

## Is an Outdoors Card a fishing licence?

No. A complete and valid licence to fish consists of an Outdoors Card **plus** a fishing licence tag. If you do not have a current Outdoors Card, a temporary paper licence enables you to fish until you receive your Outdoors Card in the mail.

## Who needs to purchase an Outdoors Card and Fishing Licence Tag to fish in Ontario?

Most Canadian residents need an Ontario-issued Outdoors Card and fishing licence tag to fish in Ontario if they are at least 18 years old but have not reached their 65th birthday.

## Who does not need to purchase a Fishing Licence?

1. Residents of Canada who are under 18 years of age or 65 years of age or older, and are in possession of their Birth Certificate.
2. Disabled Canadian residents, if they are eligible for and in possession of EITHER:
  - a Canadian National Institute for the Blind National Identity Card; 
  - an Ontario Ministry of Transportation disabled person parking permit.
3. Canadian residents with intellectual, neurological or psychological impairments or developmental disabilities who are in possession of their Birth Certificate, AND, who require the direct assistance of and are accompanied by another person while fishing for reasons of:
  - needing assistance with the act of fishing as defined by the Fisheries Act; 
  - lacking the intellectual capacity to comprehend the regulations pertaining to fishing.

**Those who qualify to fish without purchasing a fishing licence as indicated above, may fish with the same catch and possession limits as holders of a Sport Fishing Licence Tag.** Additionally, they have the same responsibilities as those who have purchased an Outdoors Card and Fishing Licence Tag and must abide by all regulations.

See page 2 for a definition of a resident of Canada.

## Do Aboriginal people need an Outdoors Card?

Members of Ontario Aboriginal communities, having established aboriginal and treaty rights, do not require an Outdoors Card or Ontario fishing licence tag to fish for personal use and taken within their traditional or treaty territory.

Personal use is defined as for food, social or ceremonial purposes.

Individuals should be prepared to provide identification showing their community membership.

## How do I get an Outdoors Card if I have never had one before?

A resident of Canada who has never had an Outdoors Card may apply for an Outdoors Card to go fishing in one of several ways. The way you select depends on how soon you want to go fishing.

If you do not intend to go fishing right away, you can submit an Outdoors Card application and payment to the Outdoors Card Centre through the mail. You will receive the card and fishing licence tag you selected in approximately four to six weeks.

You can get an Outdoors Card application by calling 1-800-387-7011 from anywhere in Canada. The application will be mailed to you.

If you want to fish right away, the following temporary paper licences and Outdoors Card Applications are available from more than 2,000 licence issuers across the province:

- Resident Sport Fishing Licence;
- AND
- Resident Conservation Fishing Licence  
(both licences include an Outdoors Card Application).

These temporary paper licences are effective immediately upon purchase and are valid for fishing until the end of the calendar year. The fee for either of these licences includes the cost of the three-year Outdoors Card. You will automatically be mailed the plastic three-year Outdoors Card bearing your one-year fishing licence tag by the end of the calendar year.

## My Outdoors Card has expired. How do I renew it?

The date on which your Outdoors Card expires is shown on the front of your card (centre right). To avoid any lapse in your privileges, it is recommended that you renew your card as soon as you receive your renewal package. This package is automatically mailed to you in the fall of the year in which your card expires.

You may renew your Outdoors Card in any of five ways:

- in Canada, by connecting to the Internet at <http://outdoorscard.mnr.stores.gov.on.ca> and using your VISA, MasterCard or American Express credit card. You will need your Outdoors Card number and date of birth to complete this transaction. Please allow two to three weeks for your card to reach you.
- in Ontario, by using the toll-free automated telephone system and your VISA, MasterCard or American Express credit card. This is the fastest and easiest way to renew. Be sure to have your Outdoors Card number on hand when you call. Call 1-800-288-1155. Please allow two to three weeks for your delivery.

- in Ontario, at more than 60 ServiceOntario Kiosk locations. ServiceOntario Kiosks accept VISA, MasterCard and American Express transactions as well as bank debit cards. You will need your Outdoors Card number when you renew. Please allow two to three weeks for delivery.
- from anywhere in Canada, by mail, using the renewal package sent to you in the fall of the year in which your Outdoors Card expires. For the convenience of Outdoors Card holders, a renewal package is sent automatically so you can renew before your current card expires. Payment may be made by VISA, MasterCard, American Express, cheque or money order. You will receive your card four to six weeks after you submit your renewal application. If you have misplaced your package, call 1-800-387-7011 for a replacement.
- in Ontario, by purchasing a Resident Sport Fishing Licence and Outdoors Card Application OR a Resident Conservation Fishing Licence and Outdoors Card Application from a licence issuer. The fee for either of these includes the cost of the one-year fishing licence and the three-year Outdoors Card. You will automatically be mailed the plastic three-year Outdoors Card by the end of the calendar year.

### I have a current Outdoors Card, but my licence tag has expired. How do I get a tag for this year?

One year fishing licence tags are available from more than 2,000 licence issuers across the province. Licences are often available from tourist outfitters' camps and lodges, summer camps, sporting goods stores or bait dealers. In smaller communities, they may be available at general stores or other retail establishments.

### What is the definition of a resident of Ontario?

A resident of Ontario is defined as a person whose primary residence is in Ontario and who has lived in Ontario for a period of at least six months during the 12 months immediately before applying for a licence or using a licence.

### What is the definition of a resident of Canada?

A resident of Canada is defined as a person whose primary residence is in Canada and who has lived in Canada for a period of at least six months during the 12 months immediately before applying for a licence or using a licence.

### What types of fishing licence tags are available to residents of Ontario and Canada?

There are four licence tags offered to Ontario residents and Canadian residents, for the back of the Outdoors Card:

- Three-year Resident Sport Fishing Licence Tag;
- Three-year Resident Conservation Fishing Licence Tag;
- One-year Resident Sport Fishing Licence Tag;
- One-year Resident Conservation Fishing Licence Tag.

Purchasing a three-year fishing licence tag is the easiest way to maintain your fishing privileges for the term of your Outdoors Card.

The three-year fishing licence tag is available:

- when renewing your Outdoors Card using the toll-free renewal line (1-800-288-1155) and a VISA, MasterCard or American Express credit card;
- when renewing your Outdoors Card over the Internet (<http://outdoorscard.mnr.stores.gov.on.ca>) with a VISA, MasterCard or American Express credit card;
- when renewing your Outdoors Card from a ServiceOntario Kiosk with a VISA, MasterCard or American Express credit card or debit card;
- when renewing your Outdoors Card with the pre-printed renewal application automatically sent to Outdoors Card holders when their card is about to expire;
- when applying for your Outdoors Card with a paper application obtained from the Outdoors Card Centre.

**NOTE:** this three-year licence option does not apply to the "Resident Sport Fishing Licence and Outdoors Card Application" or the "Resident Conservation Licence and Outdoors Card Application," as these are one-year options only.

The one-year fishing licence tag is also available to the holder of an Outdoors Card. One-year tags expire on December 31 of the year for which they are valid. To maintain fishing privileges in the following year, the angler must purchase another one-year licence tag from a licence issuer.

## FAST FACTS ABOUT ONTARIO FISHING LICENCES

- Most Canadian residents need an Outdoors Card to fish in Ontario if they are at least 18 years old but have not reached their 65th birthday.
- If you have never had an Outdoors Card, you can request an application form be mailed to you by phoning the Outdoors Card Centre from anywhere in Canada at 1-800-387-7011.
- Your Outdoors Card is good for three calendar years. You must have a fishing licence tag on the back of a plastic Outdoors Card OR a temporary paper licence in order to have a complete and valid licence for fishing.
- If you are a Canadian resident between 18 and 65 years of age and you want to fish in Ontario right away, you can buy a temporary paper licence from one of more than 2,000 licence issuers across the province. A temporary paper licence is effective immediately and valid until December 31 of the year in which it was purchased.
- The fee for a temporary paper licence includes the cost of a three-year Outdoors Card.
- If your Outdoors Card will soon expire, or has already expired, the fastest and easiest way to renew your Outdoors Card is a three year renewal by credit card with a call to 1-800-288-1155.
- Ontario Resident Hunters can also fish under the authority of their Outdoors Card (fishing/hunting version) with the appropriate fishing licence tag.
- If you do not live in Canada, you need a non-resident licence to fish in Ontario (see page 4).
- Get more information on the Outdoors Card by calling the Outdoors Card Centre at 1-800-387-7011. This toll-free number works from all regions of Canada, from Monday to Friday, 8:30 a.m. to 5:00 p.m. (Eastern Time).

## What is a Resident Sport Fishing Licence Tag?

For conservation reasons, fishing laws limit the number of fish an angler may catch or possess. The number depends on the type of licence the angler holds, the fish species, where the fish is caught and, in some cases, the size of the fish.

With a Resident Sport Fishing Licence Tag affixed to the Outdoors Card, the angler is eligible to catch and possess fish as specified beside the "S" on the Division/Species Table following each regional map in this summary. The Resident Sport Fishing Licence Tag is for anglers who wish to have full catch and possession fishing privileges.

The Resident Sport Fishing Licence tag is available for three-year or for one-year periods.

## What is a Resident Conservation Fishing Licence Tag?

For conservation reasons, fishing laws limit the number of fish an angler may catch or possess. The number depends on the type of licence the angler holds, the fish species, where the fish is caught and, in some cases, the size of the fish.

With a Resident Conservation Fishing Licence Tag affixed to the Outdoors Card, the angler observes a catch and possession limit that is lower (in most cases), than that of a Resident Sport Fishing Licence Tag holder.

Catch and possession limits are specified on the Division/Species Table following each regional map in this summary. The limit for the angler with a Conservation licence is indicated with a "C."

The Resident Conservation Fishing Licence Tag is ideal for the angler who wishes to live release the majority of the fish caught, or in the case of certain species, all of the fish caught. The holder of a Resident Conservation Fishing Licence Tag must quickly and carefully live release all fish of the following species:

- muskellunge;
- Atlantic salmon;
- sturgeon; and,
- aurora trout.

The Resident Conservation Fishing Licence Tag is available for three-year or for one-year periods.

## What is a Resident One-Day Fishing Licence?

Residents who wish to fish for one day only may take advantage of the Resident One-Day Fishing Licence. This licence might be the choice of someone going for a day's excursion on a charter boat.

Catch and possession limits for holders of the Resident One-Day Fishing Licence are specified on the Division/Species Table following each regional map. The limit for the angler with a One-Day Fishing Licence is indicated with an "S."

## What should I do if my Outdoors Card is lost, stolen or destroyed?

If your Outdoors Card or any part of your licence is lost, stolen or destroyed, call the Outdoors Card Centre (1-800-387-7011) to arrange for a replacement. In some circumstances there may be a replacement fee.

# Residents of Canada Fishing Licence Options

The one-year licence fees stated in this Summary are in effect until December 31, 2003. Three-year fees are subject to change after August 31, 2003. For the location of the licence issuer nearest you, contact the Ministry of Natural Resources. A list of Ministry of Natural Resources offices is provided on page 91.

Licence Type	Available From	Cost
Outdoors Card plus three-year Resident Sport Fishing Licence Tag.	By mail (new application or renewal), by phone (renewal only) at 1-800-288-1155, over the Internet (renewal only) at <a href="http://outdoorscard.mnr.stores.gov.on.ca">outdoorscard.mnr.stores.gov.on.ca</a> or from a ServiceOntario Kiosk (renewal only).	\$70.50
Outdoors Card plus three-year Resident Conservation Fishing Licence Tag.	By mail (new application or renewal), by phone (renewal only) at 1-800-288-1155, over the Internet (renewal only) at <a href="http://outdoorscard.mnr.stores.gov.on.ca">outdoorscard.mnr.stores.gov.on.ca</a> or from a ServiceOntario Kiosk (renewal only).	\$44.25
Resident Sport Fishing Licence (one-year) and Outdoors Card Application (Outdoors Card is included in this fee).	2,000+ licence issuers throughout the province.	\$27.50
Resident Conservation Fishing Licence (one-year) and Outdoors Card Application (Outdoors Card is included in this fee).	2,000+ licence issuers throughout the province.	\$18.75
One-Day Fishing Licence.	Most licence issuers throughout the province.	\$10.00
Three-year Outdoors Card only (no licence tags). This Outdoors Card becomes a fishing licence only when a One-year licence tag (\$21.50 or \$12.75) is affixed.	By mail (new application or renewal), by phone (renewal only) at 1-800-288-1155, over the Internet (renewal only) at <a href="http://outdoorscard.mnr.stores.gov.on.ca">outdoorscard.mnr.stores.gov.on.ca</a> or from a ServiceOntario Kiosk (renewal only).	\$6.00
One-year Resident Sport Fishing Licence Tag (for holders of a valid Outdoors Card).	2,000+ licence issuers throughout the province.	\$21.50
One-year Resident Conservation Fishing Licence Tag (for holders of a valid Outdoors Card).	2,000+ licence issuers throughout the province.	\$12.75
ONTARIO RESIDENTS ONLY: If you wish to both fish and hunt, you may apply for an Outdoors Card (hunting/fishing version) which provides for both privileges. Call the Outdoors Card Centre for complete details.	For information on this option call the Outdoors Card Centre: 1-800-387-7011	Various
	To renew your Outdoors Card (hunting/fishing version) with a credit card, call: 1-800-288-1155, or visit our Internet site at <a href="http://outdoorscard.mnr.stores.gov.on.ca">outdoorscard.mnr.stores.gov.on.ca</a>	

## How can I get more information about the Outdoors Card?

The staff at the Ministry of Natural Resources Outdoors Card Centre would be pleased to provide information and answer your questions.

You may reach the Outdoors Card Centre at **1-800-387-7011** toll free from anywhere in Canada.

The hours of operation of the Outdoors Card Centre are Monday to Friday from 8:30 a.m. to 5:00 p.m. (Eastern Time).

## What else should I know about my Outdoors Card?

Here are other important things to keep in mind:

- you must notify the Ministry of Natural Resources of any address or name change within **10 days of the change**. You can do this by calling the Outdoors Card Centre at **1-800-387-7011** toll-free from anywhere in Canada; or by visiting our Internet site at: <http://outdoorscard.mnr.stores.gov.on.ca>; or at more than 60 ServiceOntario kiosk locations.
- you must carry your Outdoors Card and fishing licence tag on your person whenever you are fishing. If a Conservation Officer asks to see your Outdoors Card, the law states you must show it.
- your Outdoors Card is not transferable to another person - it provides privileges to you alone.
- you may legally apply for one Outdoors Card only. It is an offence to attempt to obtain more than one card. It is also an offence to provide false information on a card application.
- if you have applied for an Outdoors Card and have not received it in the stated timeframe, call the Outdoors Card Centre at **1-800-387-7011**.

## Recreational Fishing Licence Information for Non-Residents

### I live outside of Canada. Do I need a licence to fish in Ontario?

Anyone who lives outside of Canada is considered a non-resident for the purposes of fishing licence regulations. Most non-residents need a fishing licence to fish in Ontario. Specifically:

- Non-residents 18 years of age and over must purchase a fishing licence.
- Non-residents under 18 years of age may fish without a licence if accompanied by an adult who has a recreational fishing licence. Any fish caught are part of the catch and possession limit of the adult who holds the licence. As another option, non-residents under 18 years may purchase a licence and any fish caught apply to the catch and possession limits of that licence.

### Non-residents 65 years of age or older are not exempt from licencing.

**NOTE:** Non-residents camping on Crown land in Northwestern Ontario (Divs. 20, 21, 22, 22A, 24, 31, 33 and 34) must observe Conservation Licence limits except for in the border waters area (see page 72 and 78).

## Non-Resident Fishing Licence Options

The non-resident licence fees stated in this Summary are in effect until December 31, 2003. For the location of the licence issuer nearest you, contact the Ministry of Natural Resources. A list of Ministry of Natural Resources offices is provided on page 91.

Licence Type	Available From	Cost
Sport Fishing Licence – valid for the calendar year	2,000+ licence issuers throughout the province	\$59.50
Conservation Fishing Licence – valid for the calendar year	2,000+ licence issuers throughout the province	\$36.00
Seven-day Sport Fishing Licence	2,000+ licence issuers throughout the province	\$38.00
Seven-day Conservation Fishing Licence	2,000+ licence issuers throughout the province	\$22.50
One-Day Sport Fishing Licence (Great Lakes & connecting waters including Lake St. Clair, St. Lawrence River and Lake St. Francis)	licence issuers located on the Great Lakes	\$15.50
Non-resident Angling Licence for a Member of an Organized Camp	Ministry of Natural Resources offices	\$4.00 per child
Lake St. Joseph tag	Lake St. Joseph tourist operator from whom accommodation is obtained	No charge

For non-resident groups of children (at least five people under the age of 18 years accompanied by a licenced adult) there is a special Licence for Members of an Organized Camp. This licence is available from Ministry of Natural Resources offices.

### Where can I purchase a non-resident's fishing licence?

Non-resident anglers may purchase a fishing licence that is effective immediately at more than 2,000 locations throughout the province. Licences are often available from tourist outfitters' camps and lodges, summer camps, sporting goods stores or bait dealers. In smaller communities, they may be available at general stores or other retail establishments.

A range of licences is offered to suit individual needs.

Non-resident fishing licences are also available through the mail by calling the Ontario Ministry of Natural Resources at **1-800-667-1940**.

## Federal and Provincial Legislation

Both federal and provincial laws regulate fishing in Ontario. The main federal law with respect to fishing is the *Fisheries Act*, which protects and conserves fish and fish habitat. The *Fisheries Act* also regulates such things as fishing seasons, catch and possession limits, size limits, allowable gear and fish sanctuaries. The *Fish and Wildlife Conservation Act* is the main provincial law regulating fishing. Fishing licences are issued under this Act.

The penalties for fishing offences can be up to \$1,000,000 or three years imprisonment, or both, depending on the Act and the severity of the offence.

## Conservation Officers

Conservation Officers have powers of inspection, arrest, search and seizure under the various statutes they enforce, including the *Fish and Wildlife Conservation Act* and the *Fisheries Act*. When carrying out their duties, Conservation Officers may do the following:

- stop and inspect a vehicle, boat or aircraft;
- ask questions relevant to the inspection;
- inspect buildings or other places;
- search with a warrant;
- search without a warrant in circumstances requiring immediate action;
- seize items related to an offence;
- arrest anyone the Conservation Officer believes has committed, is committing, or is about to commit an offence.

Conservation Officers operate random "Fish Check Stations" throughout the year. At these stations, Conservation Officers collect information on fish caught by anglers and make sure the regulations are obeyed in order to manage and protect Ontario's fisheries resources.

Police Officers appointed under the *Police Services Act*, RCMP Officers, National Wildlife Officers, National Park Wardens and Conservation Officers of all border states and provinces are designated Conservation Officers in Ontario.

## General Fishing Regulations

### Definition of Angling

Angling means fishing with a line that is held in the hand or is attached to a rod that is held in the hand or closely attended, and to which one or more hooks are attached.

### Open Seasons

Fishing season opening and closing dates vary depending on the species and the area. It is illegal to attempt to catch fish for which the season is closed, even if you are going to release them. Closed seasons protect fish at vulnerable times of the year, especially when they are spawning or protecting their young. Please see the Map Specific Regulations to determine the fishing seasons for waterbodies in Maps A, B, C, D and E.

Unless stated otherwise, species that are not listed (such as sucker and rock bass) have a year-round open season.

### Fish Sanctuaries

No fishing of any kind is permitted in a fish sanctuary. Some bodies of water, or parts of them, are declared fish sanctuaries during certain times of the year. Fish sanctuaries are noted in the "Exceptions to the General Regulations" following the Division/Species Tables for Maps A, B, C, D and E. Note also that fish sanctuary areas are not always marked with signs. If you are at all uncertain, check with the local MNR office before fishing.

## Catch and Possession Limits

Fishery laws limit the number of fish you may catch or possess. The number depends on the type of licence you hold, the species, where they are caught and, in some cases, their size. Note that for some species there are no limits. In these cases no reference will be made to a limit in this Fishing Summary.

The **catch limit** is the number of fish you are allowed to catch and keep in one day. The **possession limit** is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified in this summary (see *Live Holding Boxes*, page 6).

If you catch a fish after reaching the daily catch and retain or possession limit for that species, the fish must be released immediately back to the water.

**Shore Meals** - Fish which are consumed as part of a shore lunch are also part of your daily catch and retain or possession limit.

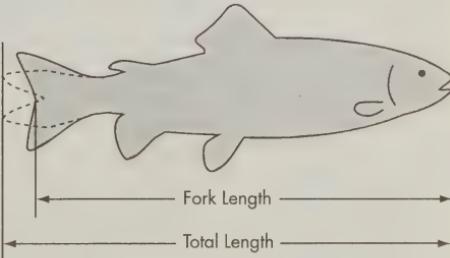

Where a lower limit is referenced in the "Exceptions to the General Regulations," the lower limit also applies to conservation licence holders, if the referenced lower limit is less than the conservation licence limit.

**It is illegal to destroy, or to allow to spoil, fish which have been lawfully caught and which are suitable for food.**

### Size Limits

A variety of size restrictions apply to some species and waterbodies (see Map, A, B, C, D or E). Unless otherwise stated, size limits refer to **total length**, which is a measure from the tip of the mouth with the jaws closed to the tip of the tail, with the tail fin lobes compressed to give the maximum possible length.

For some waterbodies, the regulation may specify a size limit that is a fork length. **Fork length** is a measure from the tip of the mouth with the jaws closed to the central part of the tail fin. If you catch a fish in a restricted size range, you must release it immediately (see *Tips on Live Release of Fish*, page 9).

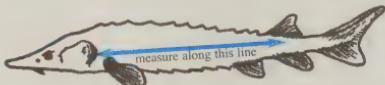

Provincial regulations are established using the metric system. The conversion to inches has been rounded to one decimal place for the convenience of anglers.

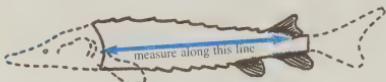

For the proper way to measure sturgeon, see next page.

## MEASURING STURGEON LENGTH

**Please note:** sturgeon are measured differently from other species of fish.

With respect to sturgeon, length refers to the distance measured from the most posterior limit of the gill opening to the point where the posterior edge of the dorsal fin joins the flesh of the body.

If the head has been removed, the measurement is taken from the cut edge mid-way between the back and the belly of the fish to the point where the posterior edge of the dorsal fin joins the flesh of the body.

## Exporting, Transporting or Storing Fish

### Export of Sturgeon

An export permit called a "Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) Export Permit" is required to export any sturgeon (in whole or part) from Canada. For more information, contact the Department of Fisheries and Oceans Canada at (905) 336-6472, or the closest MNR office.

### Export of Fish

A recreational angler may, on leaving Ontario, take the designated possession limits for fish captured from a specific waterbody. Those with a Sport Fishing Licence may take the "S" possession limit and those with a Conservation Licence may take the "C" possession limit as noted in the Map Specific Regulations (see Catch and Possession Limits, page 5). Please also see the section on Bait, page 8.

### Packaging Fish for Transport or Storage

When you are exporting, transporting or storing fish, you must ensure that the fish can be easily identified and counted. Where length limits apply, you must also ensure that the length of the fish can be determined except as described in Packaging Fish for Transport or Storage (see opposite).

### Transfer of Live Fish or Spawn

No live fish or spawn may be transferred from one body of water to another without the authorization of the Ministry of Natural Resources.

### Live Holding Boxes

If you use a live holding box or impounding device, it must be clearly marked with your name and address unless it forms part of or is attached to a boat. Any fish in holding boxes are part of your limit. Live holding boxes are not permitted in Div. 34 unless they form part of, or are attached to the boat.

## PACKAGING FISH FOR TRANSPORT OR STORAGE

Many anglers travel long distances or cross international borders to enjoy the adventure of fishing in Ontario. We want to make sure that if you are packaging fish for the trip home, you are doing it according to regulations that help us monitor and enforce laws in place to protect fisheries resources.

Fish caught and retained may be gilled and gutted but fish length must be readily measurable at all times for fish taken from waterbodies where size limits are in effect, unless the fish:

- are being prepared for immediate consumption;
- are prepared at an overnight accommodation for storage;
- are being transported on the water from a temporary overnight accommodation to that person's primary residence and that person is NOT engaged in sport fishing; or;
- are being transported overland.

In addition, when packaging fish for transport or storage, anglers **must** ensure that a Conservation Officer can determine:

- the number of fish that you have;
- the species that you have in your possession.

### When Packaging Fish, Anglers Should:

- Leave a large patch of the skin on all fillets for identification;
- Pack or freeze fish separately and flat so that they can be counted, identified and measured (clear plastic bags or clear plastic wrap is preferred).

Suggested location  
for patch of skin and scales

## Gear Restrictions

### Hooks and Lines

An angler may use only one line, except for ice fishing, or unless otherwise stated in the "Exceptions to the General Regulations."

A fishing line must not have more than four hooks. On an artificial lure, a gang containing up to three hooks is considered to be one hook. In all other situations, a double hook counts as two hooks; and a treble hook counts as three hooks.

**Be sure to take old fishing line to tackle shops for recycling.**

### Barbless Hooks

In most waters where barbless hooks are required, a line must have no more than one barbless hook attached to it. Usually this will be either a single, double or triple pointed hook. Any extra hooks must be removed from lures.

**In some waters however, only one single pointed barbless hook is allowed. Check the "Exceptions to the General Regulations" following each map in this summary.**

A barbless hook means a hook that was made without a barb or has had its barb either completely removed, or compressed so that it is completely in contact with the shaft of the hook.

### Artificial Flies

An artificial fly means a single or double hook dressed with silk, tinsel, wool, fur, feathers or other such material. It does not include a weight or a spinning device. In the following waters, only artificial flies are allowed as bait:

- East Goulais River from Laughing Lake in Menard Twp. to the Goulais River (Div. 18);
- Garden River from Ranger Lake to Garden Lake (Div. 18);
- Little Jocko River from Hwy. 63 bridge to Jocko River in Eddy Twp. (Div. 18); and
- Arrow River between the dam on Arrow Lake (Hardwick Twp.) and the Robbins/Hartington Township line (Div. 21).

Please check the "Exceptions to the General Regulations" for additional Gear Restrictions for specific waterbodies.

## Fly Fishing .... Give It A Try!

To many, fly fishing is almost a way of life. As well, fly fishing is more than just a popular method of catching trout in cold water streams, it is also an excellent way to catch other species such as lake whitefish, northern pike, mooneye and common carp. Some anglers find fly fishing for bass, panfish and even muskie an exciting activity.

This year we are adding a new barbless hook, artificial lure only area on the Grand River, a popular fly fishing destination (see Exceptions to the General Regulations). In the future, we will be looking at expanding the number of artificial lure only waters. Anglers should note, however, that they can use these techniques in all waters throughout Ontario where angling is permitted.

Local fly fishing clubs, tackle shops or fly-fishing friends can help you learn how to assemble and use fly tackle. Fly fishing is an enjoyable pursuit and can add a new dimension to your fishing .... why not give it a try!

**NOTE: It is illegal to use or possess lead fishing sinkers or jigs in Canada's national parks and wildlife areas.**

Contact National Parks at

[http://parkscanada.pch.gc.ca/parks/main\\_e.htm](http://parkscanada.pch.gc.ca/parks/main_e.htm) or

National Wildlife Areas at <http://www.cws-scf.ec.gc.ca>.

## Ice Fishing

The fishing regulations outlined in the General Fishing Regulations, the Division/Species Tables, and the "Exceptions to the General Regulations" apply to ice fishing. Please note the following additional information:

- up to five lines may be used for ice fishing in Labyrinth Lake, including Waterhen Creek (Div. 19) downstream of Access Road bridge (Territorial District of Timiskaming);
- in most other circumstances, two lines may be used for ice fishing except in some waterbodies in Divs. 7, 15, 16 and 29 (see "Exceptions to the General Regulations"); and
- you may use a tip-up for ice fishing, but must remain within 60 m (197 ft.) of any line with which you are fishing. At all times, you must have a clear and unobstructed view of the lines being used.

### Hut Registration

Ice fishing huts must be registered with the local MNR office if they are on any of the following waters:

- any part of Divs. 7, 8, 9, 10, 11, 12, 12A, 15 & 29;
- Lakes Couchiching, Simcoe, Puslinch, Nipissing, Temagami, Scugog, Timiskaming, Manitou (Div. 28) and Trout (in the city of North Bay);
- Owen Sound and Colpoys Bay (Bruce and Grey counties);
- Long Point Bay on Lake Erie (Norfolk and Haldimand Counties) west of a line from the survey point at Turkey Point Marina to Pottahawk Point; and
- the waters of Divs. 17, 18 & 23 lying in the Sault Ste. Marie district.

Contact the local MNR office for further information on ice fishing on these and other lakes.

## Hut Removal Dates

Ice fishing huts must be removed by the following dates:

- Feb. 28 in Div. 8 and Lake Scugog (Div. 6);
- March 15 in:
  - Percy, Seymour, Cramahe, Brighton and Murray Twp. (Div. 6);
  - Div. 7 except that part in Cashel Twp.;
  - Div. 9 except Oso, Olden, Kennebec and Kaladar Twp.;
  - Divs. 10 & 11;
  - Div. 12 waters lying south of a line running east/west through the intersection of Hwy. 17 and Hwy. 533;
  - Div. 12A;
  - Tudor Twp. (Div. 15);
  - Lake Simcoe;
  - the part of Long Point Bay on Lake Erie (Norfolk and Haldimand Counties) that lies west of a line drawn from the survey point at Turkey Point Marina to Pottshawk Point;
  - the part of Div. 4 in Simcoe and Dufferin Counties; and
  - water in Severn Sound (Div. 16).
- March 17 (Mon. after 3rd Sun.) in Colpoys Bay and Owen Sound;
- March 25 in Lake Nipissing (Div. 27);
- March 31 in:
  - Lake Temagami (Div. 26);
  - Lake Timiskaming (Div. 18);
  - Lake Manitou (Div. 28);
  - Waters south of, and including the French and Mattawa Rivers (except where earlier dates are listed); Trout Lake (North Bay) (Div. 18); and the waters of Divs. 17, 18 & 23 lying in the Sault Ste. Marie district.

## Bait

### Use of Bait

#### Bait-fish

In most areas of Ontario, only the following fish may be used as bait-fish:

- Mudminnow family;
- Sucker family;
- Stickleback family;
- Lake herring of the whitefish family;
- Darter subfamily;
- Trout-perch family;
- Sculpin family;
- Minnow family except carp and goldfish; and
- Crayfish.

In the Great Lakes, the St. Clair, Detroit, Niagara, St. Lawrence and St. Mary's rivers, Lake George, Lake St. Francis and Munuscong Lake, alewife and yellow perch may also be used as bait.

**NOTE:** The use or possession of live fish for bait is not allowed in certain waters (see "Bait Restrictions" (pages 30, 56 and 80) and the "Exceptions to the General Regulations" for waterbodies where the use or possession of bait is prohibited, or contact your local MNR office for details, pages 91 and 92).

#### Other Types of Bait

Leeches, worms, northern leopard frogs and other frog species, except bullfrogs and specially protected amphibians, may be used as bait. For a list of specifically protected frog species, see section on frogs under *Capture of Bait by Anglers*, below.

**NOTE:** Salamanders may NOT be used as bait in Ontario. Artificial salamander lures may be used.

#### Capture of Bait by Anglers

**NOTE:** It is illegal to sell angler-caught bait-fish, crayfish, leeches, frogs or spawn. Only holders of commercial bait licences may sell these types of bait.

#### Bait-fish

Only resident anglers with a valid fishing licence may capture their own bait-fish for personal use, using a bait-fish trap, dip-net or seine, subject to the following restrictions:

- resident anglers who catch their own bait-fish for personal use, may have no more than 120 bait-fish caught under the authority of a recreational fishing licence in their possession at any time.
- any live holding box must be clearly marked with the name and address of the user.

**NOTE:** Non-resident anglers cannot take bait-fish for personal use by any means.

#### Bait-traps

- To catch bait, resident anglers may use only one bait-fish trap (no more than 51 cm (20 in.) long and 31 cm (12.2 in.) wide), clearly marked with their name. A trap can be used day or night at any time of the year in all divisions, except Divisions 13 and 23 (see the "Exceptions to the General Regulations" for additional restrictions).
- Please check your trap on a regular basis to avoid wasting fish.

#### Dip Nets

- To catch bait, resident anglers may use only one dip-net [no more than 183 cm (6 ft.) on each side if square, or 183 cm (6 ft.) across if circular] during daylight hours (after sunrise and before sunset).
- A dip-net may be used in all divisions, except Division 13.

#### Seine Nets

- To catch bait, resident anglers may use only one seine net (no more than 10 m (32.8 ft.) long and 2 m (6.5 ft.) wide) in the flowing waters only: Lake St. Clair (Div. 1), Division 2, except the Niagara River; Division 5, except the Beaver River (also known as the Beaverton River) and tributaries in Brock Township from Lake Simcoe to the first dam; waters of Lake Ontario in Division 8; the St. Lawrence River and Lake St. Francis (Divs. 11 and 12A), Georgian Bay, Lake Nipissing; and Divisions 17 and 23.

## Leeches

Only **resident** anglers with a valid fishing licence may capture their own leeches for personal use, subject to the following restrictions:

- **resident** anglers who catch their own leeches for personal use, may have no more than 120 leeches caught under the authority of a recreational fishing licence in their possession at any time.
- to catch leeches, anglers may use one leech trap (that does not exceed 45 cm (17.7 in.) in any dimension);
- traps must be clearly marked with the angler's name.

## Frogs

**Resident** and **non-resident** anglers with a valid fishing licence may capture their own frogs for personal use, subject to the following conditions:

- recreational anglers who catch their own frogs for personal use, may have no more than 12 northern leopard frogs – or one (1) of any other species, except bullfrogs and specially protected amphibians – caught under the authority of a recreational fishing licence in their possession at any time.
- Blanchard's cricket frog, Fowlers toad, and the gray treefrog are specially protected amphibians in Ontario and may not be captured or used as bait.

## Worms

- There are no restrictions on the capture of worms for use as bait.
- Earthworms may be brought into Ontario from the continental United States for use as bait provided they are in clean bedding (not soil). For more information, visit [www.cfs-acia.agr.ca](http://www.cfs-acia.agr.ca) or contact the Canadian Food Inspection Agency at 1-613-225-2342.

## Import of Bait

- It is illegal to bring live fish, crayfish or salamanders into Ontario for use as bait.
- It is illegal to bring live leeches into Ontario for use as bait, unless you are the holder of a commercial bait licence.

## Release of Bait

Release of bait-fish, crayfish or other types of live bait can seriously damage fish populations. Anglers must **NOT** release live bait into waters other than the waterbody where the bait was originally captured. (see *Stop the Invasion*, page 34).

## Capture of Bullfrogs and Snapping Turtles

Holders of valid Fishing Licences may catch and retain bullfrogs for personal use from July 21 – Oct. 15; the possession limit is 10. No firearm other than a longbow or crossbow may be used to take bullfrogs. A person may hunt bullfrogs at night without a firearm and may shine a light for that purpose.

**Bullfrogs may not be taken in the City of Ottawa (formerly the Regional Municipality of Ottawa-Carleton), the Counties of Prescott and Russell, Stormont, Dundas and Glengarry, Leeds and Grenville, Lanark, Frontenac, Lennox and Addington, Prince Edward, Northumberland, Peterborough and Victoria, or in the County of Hastings south of, and including, the townships of Marmora and Lake Tudor and Cashel, ElzEVir and Grimsthorpe.**

Holders of valid Fishing Licences may catch and retain snapping turtles during open seasons. For details on harvest areas, season dates and catch and possession limits, see the Ontario Hunting Regulations Summary under Game Amphibians and Reptiles or contact your local MNR office.

**Snapping turtles may only be captured by hand or by means of a box or funnel trap that does not injure or kill the turtle. The upper shell of a snapping turtle may not be removed from the carcass until immediately before it is prepared for consumption.**

Please note it is illegal to take bullfrogs, northern leopard frogs, green frogs, snapping turtles or any form of wildlife from provincial parks.

## TIPS ON LIVE RELEASE OF FISH

Using proper handling and release techniques improves fish survival, helps maintain a healthy fishery and identifies you as a conservationist. Here are some tips for successful catch-and-release:

### Angling

- Use barbless hooks; avoid using live or organic bait.
- Reduce the time a fish is played.

### Handling

- Keep the fish in the water as much as possible and handle the fish gently.
- Reduce handling that removes the slimy protective coating on fish.
- Do not squeeze or touch the gills. Grasp the fish just behind the gill covers. For panfish and bass, it is best to grasp the fish by the lower lip.
- Use long-nose pliers to remove the hook quickly without tearing or injuring the fish. If the fish is hooked deeply, cut the line and leave the hook in when the fish is released.
- Never put a fish that you may release on a stringer, use a functional livewell or release the fish immediately.

Remember that all fish kept (in a livewell, on a stringer, etc.) and not immediately released count towards your daily catch and retain or possession limit.

### Photographing

- Be ready ahead of time! Take pictures quickly, minimizing the amount of time the fish is out of the water.
- Hold the fish in a horizontal position, supporting its weight with your arm and hands. Do not hold large fish in a vertical position.

### Releasing

- Revive the fish before letting go. Hold the fish upright in a swimming position in the water, moving the fish slowly forward and backward so water runs through the gills.
- Ensure the fish is breathing and can swim away under its own power before it is released.

**Remember: "The Future of Fishing Is in Your Hands."**

## IT IS ILLEGAL TO:

- catch or kill a fish by impaling or snagging it with a hook through any part of the body other than the mouth - any fish hooked in this way must be released immediately (see *Tips on Live Release of Fish*, page 9).
- fish with or possess a spring gaff;
- fish with or possess a baited or unbaited snagger for use in fishing;
- fish with or possess a snare for use in fishing;
- fish with a spear gun or possess a spear gun for the purpose of fishing;
- possess a spear for the purpose of fishing on or within 30 m (98.2 ft.) of the edge of any waters except when fishing in accordance with the regulations in the following tables;
- use artificial lights to attract fish except:
  - to fish for smelt, or to fish for lake whitefish or lake herring with a dip-net;
  - if the light is part of a lure attached to a line used in angling;
- use dynamite or other explosives to take or destroy fish;
- fish within 25 m (81.8 ft.) of a pound net or fish culture cage;
- fish within 22.9 m (75 ft.) downstream from the lower entrance to any fishway or canal, obstacle, or any device designed to assist fish around an obstacle;
- use or possess a landing net with a frame greater than 127 cm (50 in.) in circumference, or a handle longer than 51 cm (20 in.) in the following waters or their tributaries: Pretty River; Batteaux River; Silver Creek in the Counties of Simcoe and Grey, Division 4.

## Non-Angling Methods of Capturing Fish

Anyone with a valid Resident Fishing Licence may fish using angling gear, one dip-net, one seine, bow and arrow or spear. Opportunities and restrictions on non-angling activities are outlined in the following tables. Licence holders may also obtain, without charge from MNR offices, the permit required to dip-net for pink salmon, whitefish and herring in specified areas of the province.

Persons with a valid Non-Resident Fishing Licence may fish with a single dip-net or seine net for smelt, and a bow and arrow for carp, sucker and coarse fish under the conditions outlined below.

Coarse fish includes: gar family, bowfin, catfish family, burbot, eel, freshwater drum or sheepshead.

Before fishing, check the Map Specific Regulations for the area and waterbody you will be fishing in for any exceptions or additional restrictions.

Unless the regulations specifically state otherwise, all fishing by means other than angling must be done after sunrise and before sunset (during daylight hours).

Species	Method of Capture	Open Season	Waters
Northern Pike	- bow and arrow - dip net - spear	March & April	Waters of Div. 1, Div. 2 excluding the waters of Lake Erie fronting Norfolk and Haldimand Counties, and Div. 3 excluding waters in the County of Essex and the waters in Note 1 (see page 12) and excluding those parts of the Thames, Sydenham & Ausable Rivers in Div. 3.
	- bow and arrow - dip net - spear	January, February, March & April	Waters in the County of Essex (Div. 3).
Smelt	- dip net - seine	March, April & May (day or night)	All waters except the following: Divisions 4, 6, 13, 22, 22A, 24, 30, and 31; those parts of the Thames, Sydenham & Ausable Rivers in Div. 3; the waters in Note 1 (see page 12) (Div. 3); those parts of the Thames and Ausable Rivers in Div. 4; waters in that part of the Regional Municipality of Durham in Div. 6; and all the streams and rivers in the Counties of Bruce and Grey (excluding waters in Div. 4 listed under "Additional Fishing Opportunities (page 18) for Rainbow and Brown trout"); the Trent River and the part of Peterborough County in Division 7; the waters of the Rideau River between Hog's Back Dam and the Ottawa River in the City of Ottawa (formerly the Regional Municipality of Ottawa-Carleton).
Carp, Sucker & Coarse Fish	- dip net  - bow and arrow	March, April & May  May 1 - July 15	All waters except Divisions 6, 13 and waters in Notes 1 & 2 (see page 12) of Divisions 3, 4 and 9.  Walkhouse Bay of Lake Huron (Robinson Twp.) and waters in Division 17.

*continued*

## Non-Angling Methods of Capturing Fish

Unless the regulations specifically state otherwise, all fishing by means other than angling must be done after sunrise and before sunset (during daylight hours).

Species	Method of Capture	Open Season	Waters
Carp, Sucker & Coarse Fish cont.	- spear	April & May	All waters except the following: the waters of Lake Erie fronting Norfolk and Haldimand Counties (Div. 2), the waters of Lake Huron fronting the Counties of Lambton, Bruce and Huron (Div. 35), Divisions 3, 5, 6 and 13, waters in the Counties of Bruce, Dufferin, Grey & Simcoe (Div. 4), waters in the City of Toronto, in the Regional Municipalities of Peel and York, waters in Morrison Twp. (Div. 15), the Rideau River between Hog's Back Dam and the Ottawa River (Div. 9) and the waters of Georgian Bay fronting the Counties of Bruce & Grey (Div. 16).
	- spear	March & April	Div. 3 except waters in Note 1 (see page 12) and excluding those parts of the Thames, Sydenham and Ausable Rivers in Div. 3.
Carp & Sucker	- bow and arrow	May, June & July	Waters in Division 8; the St. Lawrence River, including Lake St. Francis (Divs. 11 and 12A); and the Ottawa River downstream from the Chaudière bridge fronting the City of Ottawa (formerly the Regional Municipality of Ottawa-Carleton) and the United Counties of Prescott & Russell (Div. 12).
Sucker & Coarse fish	- bow and arrow	March & April	Waters of Div. 1, Div. 2 excluding the waters of Lake Erie fronting the Norfolk and Haldimand Counties, Div. 3 excluding the waters in Note 1 (see page 12) and, the waters of that part of Div. 4 in the Counties of Brant, Oxford, Perth, and Wellington and the Regional Municipalities of Halton, Hamilton-Wentworth, and Waterloo and Div.35, excluding Walkhouse Bay of Lake Huron (Robinson Twp.).
Sucker	- bow and arrow	April & May	Division 19.
Carp	- bow and arrow	May 1 - June 15	Divisions 1 and 2 except the following: the waters of Lake Erie fronting Norfolk and Haldimand Counties; the waters of Lake Ontario (Div. 8) fronting Haldimand and Hamilton Townships and the Municipality of Clarington, the City of Oshawa and the Town of Whitby and the waters of Walkhouse Bay of Lake Huron in Robinson Twp. (Div. 35).
	- bow and arrow	May, June and July	The County of Simcoe and the Holland River in the Regional Municipality of York (Div. 4); Division 5 except the Beaver River (also known as Beaverton River) and tributaries (Brock Twp.).
	- bow and arrow	March 1 - June 15	Waters of Lake Ontario (Div. 8) fronting Haldimand and Hamilton Townships and the Municipality of Clarington, the City of Oshawa and the Town of Whitby.
	- bow and arrow	May 1 - August 15	Waters in the Counties of Brant, Oxford, Perth & Wellington and in the Regional Municipalities of Halton, Hamilton-Wentworth & Waterloo (Div. 4); Div. 3 except for waters in Note 1 (see page 12).
	- bow and arrow	May 1 - August 15	Waters in the County of Huron (Div. 4).

## Non-Angling Methods of Capturing Fish

Species	Method of Capture	Open Season	Waters
Carp cont.	- bow and arrow	May 10 (Sat. after 2nd Fri.) to July 31	Division 6.
	- bow and arrow	June & July	Rideau River between the dam at Burritts Rapids and Lock 17 and the dam in the West Branch Rideau River at Long Island and Lock 16, including Kemptville Creek to County Road 43; waters in the Counties of Stormont, Dundas, Glengarry, Prescott and Russell (Div. 9).
Pink Salmon, Whitefish & Herring	- dip net	contact local MNR Office for details	All divisions.

### Restrictions on Equipment (see page 8 for bait specific restrictions)

**DIP-NETS** may be no more than 183 cm, (6 ft.) on each side if square, or 183 cm (6ft.) across if circular.

**SEINES** may be no more than 10 m (32.8 ft.) long and 2 m (6.5 ft.) wide.

**SPEAR** - Fishing with a spear, or having a spear within 30 m (100 ft.) of the edge of a body of water, is illegal except in the circumstances noted above.

**Note 1:** The following waters are exceptions as noted in the table:

- waters in the Township of Delhi or the former Townships of Charlotteville and Windham;
- waters in the Township of Norfolk or the former Townships of Middleton, Houghton, North Walsingham & north of Concession 3 in the former township of South Walsingham (Div. 3);

- Young's Creek in the City of Nanticoke or the former Township of Woodhouse in Norfolk and Haldimand Counties (Div. 3);
- Grand River and tributaries downstream of Onadaga and Tuscarora Twps. (Div. 3);
- Grand River and tributaries downstream of the Onadaga and Tuscarora Twps. line to Lake Erie.

**Note 2:** The following waters are exceptions as noted in the table:

- the part of Division 6 within the Regional Municipality of Durham and all the streams and rivers in the Counties of Bruce and Grey (excluding waters in Division 4 listed under "Additional Fishing Opportunities" on pages 18 and 19);
- the Rideau River between Hog's Back Dam and the Ottawa River;
- the Thames, Sydenham and Ausable rivers.

## The Abuse of Natural Resources What Can You Do About It?

There is obviously a limit on the number of birds, animals, fish, and other resources that may be available for our use. If we take more than this limit, we threaten the sustainability of our resources.

MNR ensures that this does not happen by creating laws that make certain that natural resources are sustained for the future.

We know approximately 90 per cent of all anglers comply with the regulations.

However, people who break protection laws:

- Steal opportunities to harvest fish and game;
- Steal opportunities to enjoy the outdoors;
- Create negative images of resource use among the public.

**Crime Stoppers**  
**Échec au crime**

Anonymous Tips - Cash Rewards  
Information - anonymat - récompense

### How Can You Help Stop Resource Abuse?

- By not looking the other way;
- By not staying quiet;
- By "getting involved".

Crime Stoppers calls are all anonymous. Crime Stoppers does not subscribe to call display. Crime Stoppers pays cash rewards up to \$1,000.00.

Is there any reason to allow your natural resources to be stolen?

How can you stop resource abuse? By Calling

**1-800-222-TIPS (8477)**

By calling Crime Stoppers, you accept your responsibility to protect natural resources and the opportunity to enjoy them, for present and future resource users.

# Safe Boating and Fishing

## Safe Boating in Areas of Commercial Fishing

The commercial fishing industry in Ontario, which is primarily focused on the Great Lakes, harvests fish using trawls and a variety of stationary nets. All nets must be identified by means of buoys, stakes and markers which identify the owner of the net and the location of the beginning or end of the net. Besides these markers, there may be additional buoys (e.g. plastic or steel cans) that indicate intermediate portions of the net or anchor lines. Boaters should be aware that, because the length of some nets may exceed several thousand meters, it may not be possible to see both ends.

To ensure safe boating in areas where commercial fishing activity takes place, please consider the following:

- many retail and wholesale freshwater fish outlets can provide information regarding local net marking systems;
- many local yacht clubs, sailing clubs, power squadrons and marinas have information regarding commercial fishing activities in local waters. In some cases, detailed maps of fishing locations and specific markings may be available;
- report unmarked nets immediately to the closest Ministry of Natural Resources office;
- treat commercial fishing gear with the same caution as any other floating device, apparatus or debris;
- when a net marker is encountered it may not always be possible to observe which way the net runs under the water especially during summer months, when nets are usually set in cooler deeper water;
- lures and other sharp foreign objects stuck in commercial nets are hazards to commercial fishers;
- tampering with commercial fishing gear is dangerous to boaters and is an offence under the *Fisheries Act*;
- if your gear accidentally becomes entangled in a commercial net, contact the commercial operator immediately;
- **entanglement of cannonballs may present a serious and dangerous situation to boaters.** Cannonball cables, if not released from the net immediately, can act like an anchor. If this occurs, the downrigger line should be cut immediately with wire cutters;
- boaters should recognize that maneuvering a trawler can be very difficult. Be aware that standard boating rules and regulations apply when encountering any large commercial fishing vessel.

If you have questions pertaining to Ontario's commercial fish industry, please call any local office of the Ministry of Natural Resources or contact the Ontario Commercial Fisheries' Association at (519) 676-0488.

## Safe Boating and Fishing near Hydro-electrical Generating Stations and Dams

These areas can be dangerous. Boaters and anglers should avoid getting too close to the powerful surge of water from dams and spillways. To ensure safe boating and fishing in these areas, please:

- approach slowly and always wear a personal flotation device;
- watch for warning signs or barriers above or below dams and stay a safe distance away from them;
- stay clear of the "headpond" or "tailrace" water at dams and spillways. Water level and flow can change without warning. It can quickly swamp your boat and put you in the grip of an undertow.
- don't wade into moving water;
- stay sober. Drinking and driving a power vessel is just as dangerous and illegal as drinking and driving a car.

## Laws to Help Stop the Spread of Exotic Species

Harmful exotic species are often spread unknowingly. As an angler or boater, you should always take precautions to help stop the spread of exotic species. You should also be aware that there are laws in place to help ensure that unauthorized introductions do not take place.

### A licence is required to:

- stock fish into Ontario waters;
- ship or transport live fish other than bait-fish taken from a waterbody;
- transfer and deposit fish taken from one waterbody into another;
- import leeches into Ontario for use as bait. Only the holder of a commercial bait licence may bring live leeches into Ontario for use as bait.

### It is illegal to:

- release bait-fish, including crayfish or any other live fish, except into the body of water from which they were taken. If you are not sure what lake or river they came from, do not release them;
- release aquarium fish into Ontario waters;
- import into Ontario for use as bait any live fish, live crayfish or live salamanders;
- possess a ruffe, except when transporting a dead specimen to an MNR office;
- use live smelt as bait or possess live or dead smelt while fishing in Division 22, 22A, 30, 31 and 32 in Northwestern Ontario.

### Remember:

- take care when cleaning smelt. Do not rinse equipment or dump entrails into a lake or river. Fertilized smelt eggs can easily start an invasion of a new watershed;
- never release or flush aquarium pets, plants or water into natural waters, drainage ditches or sewers.

**Aquarium Fish** - many people release unwanted aquarium pets into natural waters. Not only is this activity illegal, it can harm the environment. Several exotic species of plants and animals have been introduced to the Great Lakes region by this practice. If you have an unwanted aquarium pet, you can return it to a local pet store, donate it to a school, or contact the *Fish Rescue Program at 1-800-563-7711* - it will be better for your pet and the environment.

**Moving Live Fish** - Many new populations of smallmouth bass, rock bass and other fish species have been established in Ontario through unauthorized stocking. These introductions are often conducted by individuals with good intentions of creating new recreational fisheries. However, this practice is illegal and can cause great harm to existing recreational, commercial and bait-fisheries. The negative impacts of these stocking activities often become widespread as the introduced species spreads to other lakes through connected waterways. **A licence is required for all fish transfers and stocking into Ontario waters.**

By spreading the word and taking action against exotic species you will help conserve Ontario's healthy fisheries!

# KEEPING YOUR SHORELINE ON THE Wildside

**D**id you know that your shoreline provides food, cover and spawning areas for fish and wildlife? Make the most of your shoreline by keeping it natural. Do your part when planning a dock, boathouse or swimming area by keeping the health of your shoreline in mind.

**Note:** Species NOT listed above (except for bait-fish) generally have a year round open season and no catch and possession limits although seasons and limits for other species \*except Dec. 24 may be in place in some areas. Check in the "Exceptions to the General Regulations" or with the local MNRF office. For information on bait-fish restrictions, see page 8.

#### Size Limits: [Not exceeding individual species limits where otherwise stated]

- Div. 1 (Lake St. Clair, St. Clair River and Detroit River) & Div. 2 (Lake Erie): five (5) salmon and trout in one day, but not more than three (3) may be lake trout, brook trout, and spilake combined. In Lake Huron (Div. 35), not more than two (2) may be rainbow trout.

- Divers 3, 4, & 5: five (5) salmon and trout in one day, but not more than two (2) may be lake trout. Divs. 3 & 4, see General Areas Exceptions for rainbow trout in tributaries to Lake Huron and Georgian Bay and lake trout in tributaries to Lake Ontario.

- Two (2) in one day, but not more than one (1) may be lake trout. Lake Huron (Div. 35) not more than one (1) rainbow trout. Divs. 3 & 4, see General Areas Exceptions for rainbow trout in tributaries to Lake Huron and Georgian Bay.

**Shore Meals** - Fish caught that day and eaten are counted as part of your daily catch limit.

#### Daily Catch and Possession Limits: Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases, the size of fish.

The catch limit is the number of fish you are allowed to have in your possession on hand, in cold storage, in transit, and where they are caught and in some cases, the size of fish.

The possession limit is the number of fish you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

# SOUTHWESTERN ONTARIO

## General Notes

- The Talbot River and its tributaries and the Trent Canal System in Brock Twp., Simcoe County and Ramara Twp., Durham Region are part of Div. 6.
- Sparrow Lake (Orillia and Morrison Twps.) is in Div. 4.
- The Niagara River upstream from Niagara Falls is in Div. 2.
- Severn River System in the Regional Municipality of Muskoka, including Gloucester Pool, is in Div. 4.
- Lake Simcoe is all of Div. 5. See exceptions for cisco (lake herring) season and limits.
- The Detroit River and St. Clair River are in Div. 1.

## Additional Fishing Opportunities

### Year-round Open Season

Location	Div.	Location	Div.
<b>Rainbow and Brown Trout</b>		<b>Rainbow and Brown Trout (continued)</b>

Between Oct. 1 - Dec. 31, combined, catch and possession limit for salmon and trout five (5), not more than one (1) of which is a rainbow or brown trout; combined, Conservation licence limit of two (2), zero (0) may be rainbow or brown trout.
Grand River - from the Pennian Dam downstream to the William Street Bridge in the former town of Paris (City of Brant County).	4	Fish sanctuary - no fishing from Oct. 1 - Nov. 30.
Grand River - from the water's edge of Lake Erie upstream to the dam in the Town of Caledonia - Holderness County.	3	Walleye catch and possession limit of four (4).
Grindstone Creek - Flamborough Twp. and City of Burlington, Waterdown Road to Hwy. 2 (Plains Road).	4	Fish sanctuary - no fishing from Jan. 1 - Apr. 25 (Fri. before last Sat.) & Sept. 30 - Dec. 31.
Gully Creek and tributaries - Goderich Twp.	4	Fish sanctuary - no fishing from Jan. 1 - May 2 (Fri. before 1st Sat. in May) & Oct. 1 - Dec. 31.
Highland Creek - City of Toronto - upstream of the south side of the C.N.R. bridge.	4	Atlantic salmon closed all year.
Humber River and tributaries upstream from Eglinton Ave.	4	Brook trout and brown trout catch and possession limit of two (2); Conservation licence limit of one (1). Aggregate catch limit for brook trout, brown trout, lake trout, Pacific salmon, rainbow trout and spake is five (5), not more than two (2) are brook trout or brown trout in the aggregate. Aggregate Conservation licence limit of two (2), not more than one (1) lake trout, and not more than (1) brook trout or brown trout in the aggregate.
Humber River and tributaries upstream of Steeles Ave. - City of Toronto, Regional Municipalities of York and Peel and Counties of Dufferin and Simcoe.	4	Fish sanctuary - no fishing from Jan. 1 - Apr. 25 (Fri. before last Sat.) & Oct. 1 - Dec. 31.
Indian Brook and tributaries - Collingwood Twp.	4	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 31.
Indian River - Sarawak Twp.	4	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 31.
Irish Lake - Grey County.	4	Brook trout, brown trout and rainbow trout open from Jan. 1 - Mar. 31 & Apr. 26 (last Sat.) - Sept. 30.
Judges Creek and tributaries - Eastnor Twp.	4	Rainbow trout open from June 1 - Sept. 30.
Keefer's Creek between the waters edge of Owen Sound and Slattery Mills Falls - Sydenham Twp.	4	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 31.
Lake Couchiching and tributaries to Lake Simcoe in Simcoe County and the Regional Municipalities of York and Durham in Div. 4 and the waters of the Talbot River, its tributaries and the Trent Canal System in Brock and Ramara Twp.s (Div. 6).	4 & 6	Yellow perch catch limit of fifty (50), possession limit of one hundred (100); Conservation licence catch limit of twenty-five (25), possession limit of fifty (50).
Lake Erie.	2	A person who is angling from a boat may use two (2) lines in the waters of Lake Erie, except in Rondeau Bay and the Inner Bay of Long Point Bay.
Lake Erie - all of the Ontario portion east of a straight line drawn from the north shore to the International Boundary line at longitude 80°25'00"W, to the Peace Bridge at Fort Erie and including Long Point Bay.	2	Walleye open from Jan. 1 - Mar. 15 and May 10 (2nd Sat.) - Dec. 31. Walleye catch and possession limit of four (4).
Lake Erie - all of the Ontario portion east of a straight line drawn from the north shore to the International Boundary line at longitude 80°25'W, excluding the waters of Long Point Bay.	2	Yellow perch catch and possession limit of twenty-five (25).
Lake Erie - all of the Ontario portion west of a straight line drawn from the north shore to the International Boundary line at longitude 80°25'00"W, including Rondeau Bay.	2	Walleye catch and possession limit of four (4) from Mar. 1 - Apr. 30 in 2003. Yellow Perch catch and possession limit of fifty (50); Conservation licence limit of twenty-five (25).
Lake Erie - Long Point Bay, all waters west of a straight line drawn from Peacock Point to the tip of Long Point.	2	Yellow perch catch and possession limit of fifty (50); Conservation licence limit of twenty-five (25).
Lake Erie - Town of Port Erie (MacDonald Drive).	2	Fish sanctuary - no fishing from June 1 - July 15.
Lake Erie (Cassaday Point) - City of Port Colborne.	2	Fish sanctuary - no fishing from June 1 - July 15.
Lake Erie (Gravelly Bay) - from breakwall on east side of Welland Canal to a marine buoy 500 m (1640 ft) east then north to the water's edge between Lots 24 & 25, Conc. 1 in the City of Port Colborne.	2	Fish sanctuary - no fishing from June 1 - July 15.
Lake Erie (Gravelly Bay) - from Sugar Loaf Point to H. Knoll Lakeview park in the City of Port Colborne.	2	Fish sanctuary - no fishing from June 1 - July 15.
Lake Erie (eastern portion of the inner bay of Long Point Bay) - Delhi and Norfolk Twp.s.	2	Fish sanctuary - no fishing from May 15 - June 27 (Fri. before last Sat.).
Lake Huron.	35	See Map C.
Lake Ontario.	8	See Map B.
Lake Simcoe.	5	Cisco (lake herring) closed all year.

<b>Waters of Southwestern Ontario (Map A)</b>	<b>Div.</b>	<b>Exceptions</b>
Lake St. Clair.	1	Walleye catch and possession limit of six (6), only one (1) greater than 46 cm (18.1 in.) in length. Conservation licence limit of two (2), only one (1) greater than 46 cm (18.1 in.) in length.
Little Saugeen River and tributaries - Bruce Twp., all waters upstream of a line drawn across the river at a point 180 m (590 ft.) upstream from the foot bridge in Inverhuron Provincial Park.	4	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 31.
Mailand River - Colborne, Goderich, Turnberry, East and West Wawanosh Twp.s between County Road 4 and Hwy. 21 (Huron County).	4	Northern pike, walleye and sauger open from May 10 (2nd Sat.) - Dec. 31. Lake trout and spolake open from Apr. 26 (last Sat.) - Sept. 30. Pacific salmon open from Apr. 26 (last Sat.) - Dec. 31. Atlantic salmon open from Apr. 26 (last Sat.) - Sept. 30. Sturgeon open from June 15 - Dec. 31. Whitefish open from Apr. 26 (last Sat.) - Dec. 31. Other species not listed, except brook trout, largemouth and smallmouth bass open from Apr. 26 (last Sat.) - Dec. 31.
Mailand River - Colborne and Goderich Twp.s, extending 550 m (1,804 ft.) downstream from Falls Reserve Waterfall to the first natural waterfall.	4	Fish sanctuary - no fishing from Sept. 15 - Oct. 31 - from one-half hour after sunset to one-half hour before sunrise.
Mailand River in Huron County between the bridge on Hwy. 21 and the bridge on County Rd. 4.	4	Fish sanctuary - no fishing from Jan. 1 - Apr. 25 (Fri. before last Sat.).
Mailand River tributaries - Huron County between bridges on Hwy. 21 and County Rd. 4.	4	Fish sanctuary - no fishing from Jan. 1 - May 2 (Fri. before 1st Sat. in May) & Oct. 1 - Dec. 31.
Mailand River tributaries upstream of County Road 4 excluding Main Mailand, Little Mailand, Middle Mailand, and South Mailand channels.	4	Rainbow, brook and brown trout open from May 3 (first Sat. in May) - Sept. 30.
Meux Creek in Neustadt Village - Normanby Twp., from dam face to South Saugeen River.	4	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 31.
Mill Creek and tributaries - Ephraimia, Collingwood and Osprey Twp.s.	4	Rainbow trout open from June 1 - Sept. 30.
Nathel's Creek and tributaries - Huron County.	4	Fish sanctuary - no fishing from Jan. 1 - May 2 (Fri. before 1st Sat. in May) & Oct. 1 - Dec. 31.
Niagara River - within Division 2, from the Peace Bridge to Niagara Falls.	2	Muskellunge minimum length of 112 cm (44 in.). Sturgeon closed all year.
Nine Mile (Ludwick) River - Ashfield and West Wawanosh Twp.s between County Road 86 and Lake Huron.	4	Fish sanctuary - no fishing from Jan. 1 - Apr. 25 (Fri. before last Sat.). Northern pike, walleye and sauger open from May 10 (2nd Sat.) - Dec. 31. Lake trout and spolake open from Apr. 26 (last Sat.) - Sept. 30. Pacific salmon open from Apr. 26 (last Sat.) - Dec. 31. Atlantic salmon open from Apr. 26 (last Sat.) - Sept. 30. Sturgeon open from June 15 - Dec. 31. Whitefish open from Apr. 26 (last Sat.) - Dec. 31. All other species not listed here except largemouth and smallmouth bass and brook trout open from Apr. 26 (last Sat.) - Dec. 31.
Nine Mile River tributaries - Huron County, Hwy. 86 downstream to Lake Huron.	4	Fish sanctuary - no fishing from Jan. 1 - May 2 (Fri. before 1st Sat. in May) & Oct. 1 - Dec. 31.
Nine Mile River - 100 m (328 ft.) above Port Albert Fishway - Ashfield Twp.	4	Fish sanctuary - closed all year.
Normandale (Potters) Creek - Delhi Twp.	3	Fish sanctuary - no fishing from Jan. 1 - Apr. 25 (Fri. before last Sat.) & Oct. 1 - Dec. 31.
North Creek - Delhi Twp., south of Hwy. 3.	3	Fish sanctuary - no fishing from Jan. 1 - Apr. 25 (Fri. before last Sat.).
North River - Tay and Matchedash Twp.s.	4	Fish sanctuary - no fishing from Apr. 1 - May 9 (Fri. before 2nd Sat.).
Nottawasaga River and tributaries upstream [west] of County Road #50.	4	Salmon (all species) open from the Apr. 26 (last Sat.) - Sept. 30.
Nottawasaga River - Essa Twp.; from Hwy. 89 above Nicholson Dam downstream to near the confluence of the Boyne River.	4	Fish sanctuary - no fishing from Jan. 1 - May 9 (Fri. before 2nd Sat.) & Sept. 16 - Dec. 31.
Orchard Creek (Centreville Creek) and tributaries in St. Vincent Twp.	4	Rainbow trout open from June 1 to Sept. 30.
Park Head Creek in Amblec Twp. from the confluence of Park Head Creek with the Saugeen River upstream to Hwy. #6.	4	Rainbow trout open from June 1 to Sept. 30.
Petterlow Brook - Town of Georgina.	4	Fish sanctuary - no fishing from May 10 (2nd Sat.) - June 27 (Fri. before last Sat.).
Pine River and tributaries upstream [west] of the Nottawasaga River.	4	Salmon (all species) open from Apr. 26 (last Sat.) - Sept. 30.
Pinery Park Pond - Bosanquet Twp., Lambton County.	3	Brook, brown and rainbow trout open from Jan. 1 - Mar. 31 & April 1 - April 26 (last Sat.) - Sept. 15.
Pottawatomi River and Maxwell Creek - City of Owen Sound and Derby Twp. from the intersection of 15th Street West and 7th Avenue West upstream to the base of the escarpment.	4	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 31 & Sept. 1 - Sept. 30.
Pretty River and tributaries - Town of Collingwood and Nottawasaga Twp.	4	Fish sanctuary - no fishing from Jan. 1 - Apr. 25 (Fri. before last Sat.) & Oct. 1 - Dec. 31.
Pretty River and tributaries - Collingwood and Osprey Twp.s.	4	Rainbow trout open from June 1 - Sept. 30.
Rouge River - City of Toronto - upstream of the south side of the C.N.R. bridge.	4	Atlantic salmon closed all year.
Songs Creek and tributaries - Arran Twp.	4	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 31.
Saugeen River - Amabel and Saugeen Twp.s., Denny's Dam to the concrete abutments downstream.	4	Fish sanctuary - closed to night fishing Oct. 1 - Oct. 31 (one-half hour after sunset to one-half hour before sunrise).
Saugeen River - Brant Twp., from dam face of Maple Hill Dam to 300 m (984 ft.) downstream including Hydro Electric Power Channel.	4	Fish sanctuary - closed all year.
Severn River - Severn Twp.	4	Fish sanctuary - no fishing from Apr. 1 - May 9 (Fri. before 2nd Sat.).
Sheldon Creek and tributaries upstream [west] of County Road #50.	4	Salmon (all species) open from Apr. 26 (last Sat.) - Sept. 30.
Silver Creek and tributaries - Town of Collingwood and Nottawasaga Twp.	4	Fish sanctuary - no fishing from Jan. 1 - Apr. 25 (Fri. before last Sat.).
Silver Creek and tributaries - Town of Collingwood, Collingwood and Nottawasaga Twp.s.	4	Rainbow trout open from June 1 - Sept. 30.
Spencer Creek (Valen's Reservoir) - Flamborough Twp.	4	Fish sanctuary - no fishing from Apr. 1 - June 27 (Fri. before last Sat.).
St. Clair River upstream to the north span of the Bluewater Bridge.	1	Walleye catch and possession limit of six (6), only one (1) greater than 46 cm (18.1 in.) in length. Conservation licence limit of two (2), only one (1) greater than 46 cm (18.1 in.) in length.
Stoney Creek - Delhi Twp., south of Hwy. 3 to Big Creek.	3	Fish sanctuary - no fishing from Jan. 1 - Apr. 25 (Fri. before last Sat.).
Sturgeon River - Tay and Oro-Medonte Twp.s, upstream (south) of the lamprey barrier.	4	Fish sanctuary - no fishing from Jan. 1 - Apr. 25 (Fri. before last Sat.).
Sydenham River - Artificial Spawning Channels Nos. 1 and 2 - Derby Twp.	4	Fish sanctuary - closed all year.
Sydenham River - City of Owen Sound and Derby Twp., from Inglis Falls to Mill Dam, excluding Artificial Spawning Channels Nos. 1 and 2.	4	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 31.
Sydenham River - City of Owen Sound and Derby Twp. - from the base of Inglis Falls downstream to a line drawn due east from the north end of the Chinese or Rainbow Bridge to the permanent steel post marker affixed to the shore in Harrison Park.	4	Fish sanctuary - no fishing from Sept. 1 - Sept. 30.
Sydenham River - City of Owen Sound, from the Mill Dam to a point 177 m (581 ft.) downstream.	4	Fish sanctuary - closed all year.
Talbot River - Ramara Twp.	4	Fish sanctuary - no fishing from Mar. 16 - June 27 (Fri. before last Sat.).

### Waters of Southwestern Ontario (Map A)

	Div.	Exceptions
Telfer (Bothwell's) Creek - Sydenham Twp (Grey County).	4	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 31.
Thames River - Elgin, Kent, and Middlesex Counties; Chatham to Middlesmiss Bridge.	3	Fish sanctuary - no fishing from Mar. 15 - Apr. 15.
Thames River and its tributaries - from the waters edge of Lake St. Clair to the Springbank Park Dam in the City of London.	3	Walleye catch and possession limit of six (6), only one (1) greater than 46 cm (18.1 in.) in length. Conservation licence limit of two (2), only one (1) greater than 46 cm (18.1 in.) in length.
Thames River - between the dam at Gordon Pitlock Reservoir and the bridge at Hwy. 59.	4	Fish sanctuary - no fishing from Mar. 15 - May 9 (Fri. before 2nd Sat.).
Tug Channel and unnamed channel - between Little Lake and Georgian Bay - Tay and Georgian Bay Twp.	4	Fish sanctuary - no fishing from Apr. 1 - May 9 (Fri. before 2nd Sat.).
Whitteman's Creek and tributaries from the East Quarter Town Line Road downstream to the edge of the Grand River.	4	Fish sanctuary - no fishing from Oct. 1 - Apr. 25 (Fri. before last Sat. in Apr.).
Whitteman's (Horner) Creek - between Robinson Road and Cleaver Sideroad - Brantford Twp.	4	Catch and possession limit of five (5) salmon and trout, but not more than one (1) rainbow or brown trout. Brown trout and rainbow trout minimum length of 50 cm (19.7 in.). Artificial lures with a barbless hook must be used.
Wilcox Lake - Grey County.	4	Brook, brown & rainbow trout open from Jan. 1 - Mar. 31 and Apr. 26 (last Sat.) - Sept. 30.
Wilder Lake - Grey County.	4	Brook, brown & rainbow trout open from Jan. 1 - Mar. 31 and Apr. 26 (last Sat.) - Sept. 30.
Williams Lake - Grey County.	4	Brook, brown & rainbow trout open from Jan. 1 - Mar. 31 and Apr. 26 (last Sat.) - Sept. 30.
Willow Creek - St. Edmunds Twp.	4	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 9 (Fri. before 2nd Sat.).
Young's (Ryerson) Creek - Delhi Twp. and the City of Nanticoke, between the dam on Lot 23, Conc. III in the former Twp. of Charlottetown and the downstream side of the bridge on the Lakeshore Road at Port Ryerson.	3	Fish sanctuary - no fishing from Jan. 1 - Apr. 25 (Fri. before last Sat.).

## O.F.A.H. Tackle Share Breaks Barriers

O.F.A.H. Tackle Share, the first program of its kind in Canada, provides rods, reels and basic fishing tackle to children and new anglers who may not otherwise be able to fish.

Now in more than 80 communities across Ontario, "loaner sites" are hosted by participating Ontario Provincial Parks, public libraries, Conservation Authorities, and Big Brother and Big Sister groups. Through these locations, children and new anglers can sign out equipment in the same way they would borrow library materials.

Thanks to O.F.A.H. Tackle Share, money or accessibility to fishing gear is no longer a barrier. More children and first time anglers will have the opportunity to experience fishing, and, in turn, understand the importance of conservation.

For a complete listing of Tackle Share loaner sites, visit [www.ofah.org](http://www.ofah.org).

## Have You Ever Tried Fishing for Carp?

The common carp is fast becoming a popular fish species for Ontario anglers. Originally native to Asia and Europe, the carp was introduced to North America in the 1800s and are now common across the continent.

Carp can easily be angled from shore. They are most commonly caught using spinning or baitcasting gear but natural baits may also be used. Carp often feed on the surface during the summer and can be angled with fly fishing tackle and properly presented, slowly worked jigs and flies.

Although they can reach weights of up to 50 pounds (22.7 kg.), most carp caught by anglers are 5-10 pounds (2.3-4.5 kg.) in weight. They are a very strong fish and put up a determined fight when hooked. The angling season for carp is open year-round.

Carp are present in all the Great Lakes and inland waters of southern Ontario. Some good spots for carp fishing include the Rideau and Trent canal systems, the St. Lawrence River and the Bay of Quinte.

# GUIDE TO EATING ONTARIO SPORT FISH

Fish can accumulate contaminants to levels that may pose a health hazard to the public. To protect the health of those who consume sport fish, the Ontario Government tests fish from lakes and rivers throughout the province for a wide variety of contaminants such as mercury, PCBs, DDT, mirex, toxaphene and dioxins. The results of this testing program are made available through the **Guide to Eating Ontario Sport Fish**. The Guide provides species and size-specific advice on fish consumption from more than 1,600 locations throughout Ontario.

The **2003-2004 Guide to Eating Ontario Sport Fish** will be available free of charge from offices of the Ministries of Natural Resources and Environment by the end of March 2003. Copies can also be obtained by contacting the Sport Fish Contaminant Monitoring Program at the address and phone numbers and website given below. As well, if you have any specific questions on contaminants in Ontario sport fish or are not sure if the fish you have caught are suitable for consumption, you may contact staff at the same numbers:

#### Sport Fish Contaminant Monitoring Program

## ATTENTION MUSKELLUNGE ANGLERS

Muskellunge are highly prized by many anglers and Ontario offers some of the finest angling opportunities in the world. It is important that management actions be taken to ensure Ontario's muskellunge are sustained in the future. There are currently two projects under way in which you can help.

**The Cleithrum Project** - The Cleithrum Project is the provincial repository for biological data on muskellunge and northern pike. The cleithrum (a crescent shaped bone under the gill flap) should be removed from any fish found dead or which has been angled and is being kept for food or mounting. Information on the size of the fish, such as length, weight and girth, and the body of water where the fish was obtained should be recorded and submitted along with the cleithrum bone(s) to the Royal Ontario Museum, 100 Queen's Park Crescent, Toronto, Ontario M5S 2C6. An information package can be picked up at your local Ministry of Natural Resources office.

**Genetic Biodiversity Study** - Research scientists with the Ministry of Natural Resources have initiated a program, in conjunction with Muskies Canada, to collect muskellunge tissue samples for genetic analysis. This information will be used to identify unique genetic strains and preserve biodiversity. Anglers wishing to assist are only required to collect four to five uncleaned scales from each fish.

More information on how to become involved in this project can be obtained by contacting your local Muskies Canada chapter or on the web at:

<http://www.trentu.ca/muskie>

and follow the link to muskellunge genetics

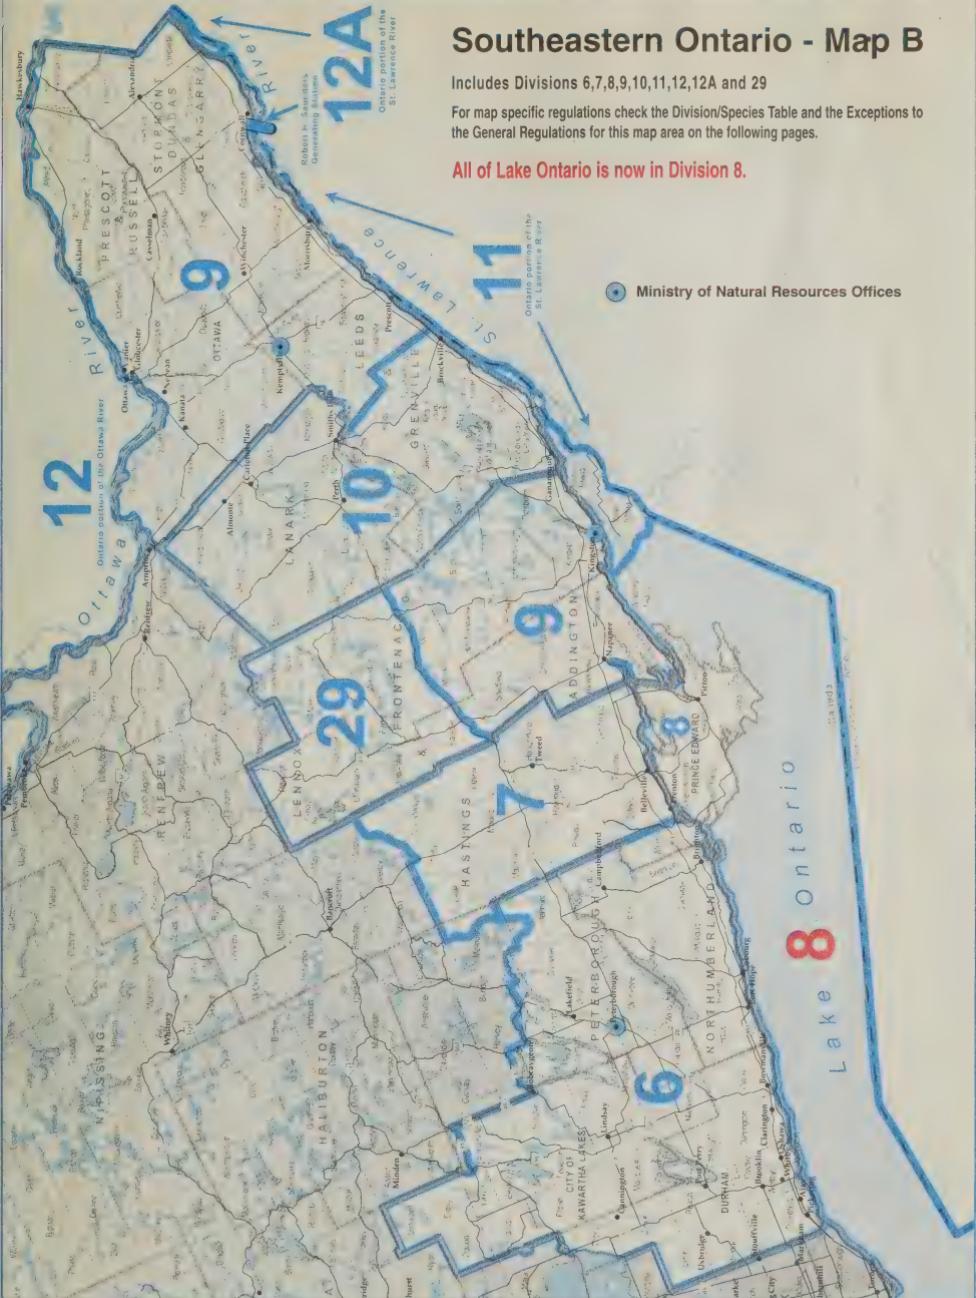

Samples can also be mailed to: Dr. Chris Wilson, Science Complex, Trent University, 1600 West Bank Drive, Peterborough, Ontario, K9J 8N8

# Southeastern Ontario - Map B

Includes Divisions 6,7,8,9,10,11,12,12A and 29

For map specific regulations check the Division/Species Table and the Exceptions to the General Regulations for this map area on the following pages.

All of Lake Ontario is now in Division 8.

<b>Size Limits:</b>
Unless otherwise stated, the length referred to is total length. [See page 5]
Size restrictions listed above apply to both Sport fishing and Conservation licences.
may be in place in some areas. Check with the Executive Officer or with the local MNR office for information on legal fish specifications, see page 6.
<b>Daily Catch and Possession Limits:</b>

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of the fish.
The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc.
Possession limits are the same as one day's catch limit except where otherwise specified.

<b>Shore Meals:</b> Fish caught that day and eaten are counted as part of your daily catch limit.
This does not include bait-fish, see page 8.

<b>NOTE:</b> Other seasons - Division 6
All other species not listed in above table are open from Apr. 26 (last Sat.) - Nov. 15.
<b>S • no limit</b>

<b>C • no limit</b>
This does not include bait-fish, see page 8.

place in some areas. Check on the "Exceptions to the General Requirements" or with the local MNR office for information on laws from your province, see page 4.

\*except Dec. 24

#### **Catch and Possession Limits for Salmon and Trout COMBINED**

[Not exceeding individual species limits where otherwise stated]

- S • Divers 8 and 11 (Lake Ontario and St. Lawrence River); five (5) salmon and trout in one day, but not more than three (3) may be lake trout, brook trout, and spale combined.
- D • Divers 6, 7, 9, 10, 12, 12A & 29; five (5) salmon and trout combined, in one day. Divers 6, 7, and 9, see General Area Exceptions for take trout in tributaries to Lake Ontario.

- C • Two (2) in one day with not more than one (1) lake trout.

- D • Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of the fish.
- The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

**Southern Ontario**

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of the fish.

The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

# SOUTHEASTERN ONTARIO

## General Notes

- Fishing is prohibited in all waters of Div. 6, including Kawartha Lakes and Dalrymple Lake in the City of Kawartha Lakes (formerly known as Victoria County) and Simcoe County, from Nov. 16 to the Friday before the last Saturday in April in any year.** This restriction does not apply to Lake Scugog ice fishing in Jan. and Feb.; nor does it affect "Additional Fishing Opportunities" listed below.
- Lake Scugog: walleye and yellow perch seasons open Jan. 1 - Feb. 28.
- Div. 10 includes Opinicon, Wolfe and Silver Lakes in the County of Frontenac and White, Brook, Clyde and Bartraw Lakes in the County of Renfrew.
- The waters of the Trent River from Percy Reach to Lock 9 are in Div. 7.
- The waters of the Talbot River in Ramara Twp., Simcoe County and Brock Twp., Durham Region, are in Div. 6.

- The Niagara River downstream of Niagara Falls is in Div. 8.
- The waters of Millhaven Creek downstream of the first dam are in Div. 8.
- The waters of the Cataract River downstream of the dam in Kingston Mills are in Div. 11.
- New walleye limits apply throughout much of Lake Ontario - Div. 8.** Refer to the "Exceptions to the General Regulations."

## Bait Restrictions

- In Divs. 9, 10 & 29 there is a year-round ban on fishing with live or dead lake herring (cisco) as bait.

## Licences for Provincial Border Waters

Ontario-Quebec Border: You may fish in Lake Timiskaming and throughout Div. 12 (Ottawa River) and in Div. 12A (Lake St. Francis) with either an Ontario Resident or a Quebec Resident fishing licence.

## Additional Fishing Opportunities

### Extended Fall Season for Rainbow and Brown Trout

The normal open season [Apr. 26 (last Sat.) - Sept. 30] is extended to Apr. 26 (last Sat.) - Dec. 31 in:

Location	Div.	Location	Div.
Northumberland County, all waters downstream of Hwy. 2, except the Ganaraska River which may only be fished downstream of the south side of the C.P.R. bridge.	6	Regional Municipality of Durham - all waters between Hwy. 2 and the southerly limit of the C.N.R. right-of-way.	6

### Extended Fall Season for Pacific Salmon

[Apr. 26 (last Sat.) - Dec. 31]

Location	Div.
Northumberland County and Regional Municipality of Durham - all waters lying between of Hwy. 2, and the southerly limit of the C.N.R. right-of-way, except the Ganaraska River which may only be fished downstream of the south side of the C.P.R. bridge.	6

# Exceptions to the General Regulations (Southeastern Ontario)

**ALL DATES INCLUSIVE**

General Areas of Southeastern Ontario (Map B)	Div.	Exceptions
Tributaries of Lake Ontario.	6, 7 & 9	Lake trout catch and possession limit of three (3) in one day.
Tributaries of Lake Ontario.	7 & 9	Atlantic salmon minimum length of 63 cm (24.8 in.).
Cornwall Recreation Area - Cornwall Twp.	9	See Cornwall Recreation Area in Waters of Southeastern Ontario.
Division 6 [including the Kawartha Lakes and Dalsympole Lake in the City of Kawartha Lakes formerly known as Victoria County] and Simcoe County and the Talbot River, its tributaries and the Trent Canal located in Ramara Twp., Simcoe County and Brock Twp., Regional Municipality of Durham].	6	Fishing prohibited for all fish species (except baitfish) from Nov. 16 - Apr. 25 [Fri. before last Sat.].
George Challies' Fishing Area.	9	See George Challies' Fishing Area in Waters of Southeastern Ontario.
Georgetown and Charlottenburgh Townships and the City of Cornwall except for those waters on the St. Lawrence River [Lake St. Lawrence] west of the dam at the Robert H. Saunders Generating Station.	9	Yellow perch closed from Apr. 1 - May 9 [Fri. before 2nd Sat.]. Yellow perch daily catch limit of one-hundred (100), possession limit of two hundred (200), Conservation licence catch limit of fifty (50), possession limit of one-hundred (100).
Tributaries of Lake Simcoe within the Regional Municipality of Durham.	6	Yellow perch catch limit of fifty (50), possession limit of one-hundred (100). Conservation licence limit of twenty-five (25), possession limit of fifty (50).

Waters of Southeastern Ontario (Map B)	Div.	Exceptions
Ashby Lake.	29	Fish sanctuary - no fishing from Dec. 1 - May 16 [Fri. before 3rd Sat].
Balsam Lake (44°35'N, 78°50'W) - including the waters of the Gull River upstream to the dam at Cobocoan, the waters of the Otonabee River (Rosedale River) between the Trent dam at Rosedale upstream to Balsam Lake, the waters of the Trent Canal between the upstream lock at Rosedale upstream to its junction with the Otonabee River (Rosedale River), and the waters of the Trent Canal between Balsam Lake and Mitchell Lake - Bexley and Fenelon Twp.	6	Walleye catch and possession limit of three (3), which must be less than 37 cm (14.6 in.), or greater than 55 cm (21.7 in.) in length. Conservation licence limit of one (1) which must be less than 37 cm (14.6 in.) or greater than 55 cm (21.7 in.) in length.
Barber Lake.	29	Fish sanctuary - no fishing from Dec. 1 - May 16 [Fri. before 3rd Sat].
Baldard Lake - Ashby Twp.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Bennett Lake.	10	Walleye minimum length of 41 cm (16.1 in.).
Big Rideau Lake.	10	The use of alewife or gizzard shad [live or dead] as bait is prohibited.
Big Rideau Lake [The Bog and Long Island] - Bastard and Burgess Twp.	10	Fish sanctuary - closed all year.
Black Creek - Front of Leeds and Lansdowne Twp.	10	Fish sanctuary - closed all year.
Black Donald Lake and the Madawaska River - North Canario Twp.	15	See also Madawaska River - upstream of Mountain Chute Dam - Map C.
Brule Lake - Miller Twp.	29	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Buckshot Lake - Miller and Abinger Twp.	29	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Bunleigh Falls, Perry's Creek, Stony Lake - Smith and Harvey Twp., Trent-Severn Dam to Stony Lake.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).
Charleston Lake.	10	The use of alewife or gizzard shad [live or dead] as bait is prohibited.
Chemung Lake - Bridgenorth Causeway - Smith and Ennismore Twp., 100 m (328 ft.) on both sides of causeway on County Rd. No. 16.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 9 [Fri. before 2nd Sat.].
Christie Lake - Bathurst Twp and downstream to bridge at Tay River, Lot 7, Conc. II.	10	Fish sanctuary - no fishing from Apr. 1 - June 2 (1st Mon.). Walleye must be less than 35 cm (13.8 in.) or greater than 50 cm (19.7 in.) in length.
Clayton Lake.	10	Walleye minimum length of 41 cm (16.1 in.).
Cobourg Brook - from the downstream side of the lamprey barrier downstream to the south side of the King St. Bridge in the town of Cobourg.	6	Fish sanctuary - closed all year.
Consecon Creek - Hillier and Ameliasburgh Twp., from the dam in the Village of Consecon to Weller's Bay.	8	Fish sanctuary - no fishing from Apr. 1 - May 2 [Fri. before 1st Sat. in May].
Consecon Creek - Hillier Twp., from Lot 86 in Conc. V to the mouth of the creek.	8	Fish sanctuary - no fishing from Apr. 1 - May 2 [Fri. before 1st Sat. in May].
Cornwall Recreation Area - Cornwall Twp.	9	Live fish may not be used as bait or possessed for use as bait.
Crotch Lake.	29	Walleye must be less than 46 cm (18.1 in.) or greater than 61 cm (24 in.) in length.
Crotch Lake and Mississippi River - Palmerston Twp.; from Sidedam Rapids to north shore of St. Island including McLean's Bay.	29	Fish sanctuary - no fishing from Mar. 1 - June 2 (1st Mon.).
Crowe Lake (44°29'N, 77°44'W).	7	Muskellunge minimum length of 102 cm (40 in.).
Crowe River - Village of Marmora.	7	Fish sanctuary - no fishing from Apr. 1 - May 9 [Fri. before 2nd Sat.].
Crowe River - from Crowe Lake downstream to the westerly boundary of the County of Hastings.	7	Muskellunge minimum length of 102 cm (40 in.).
Crystal Lake - Ashby Twp.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Dalhousie Lake and Mississippi River within a 300 m (984 ft.) radius of the bridge of the Hwy. road crossing the Mississippi River where it enters Dalhousie Lake - Dalhousie Twp.	10	Fish sanctuary - no fishing from Mar. 1 - June 2 (1st Mon.).
Dickey Lake - Lake Twp.	7	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Effingham Lake - Effingham Twp.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Elwin Lake - Clarendon Twp.	29	Walleye must be less than 46 cm (18.1 in.) or greater than 61 cm (24 in.) in length.
Fenelon Falls - Fenelon Twp., Trent-Severn Dam to second power line 1000 m (3281 ft.) downstream.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).

<b>Waters of Southeastern Ontario (Map B)</b>	<b>Div.</b>	<b>Exceptions</b>
Fishog River - from the mouth of the river at Head Lake (44°45'N., 78°54'W.) to the base of the waterfalls approx. 1.5 km [0.9 mi.] upstream.	6	Fish sanctuary - no fishing from April 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).
Fox Lake - Ashby Twp.	29	Fish sanctuary - no fishing from Jan. 1 - May 16 (Fri. before 3rd Sat.) & Dec. 1 - Dec. 31.
Ganaraska River - Town of Port Hope, from Hwy. 401 downstream to the south side of the Jocelyn St. Bridge.	6	Fish sanctuary - closed all year.
Gannon's Narrows - Harvey and Ennismore Twp.s - within 100 m (328 ft.) of both sides of the causeway on County Road 16.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 9 (Fri. before 2nd Sat.).
George Challies' Fishing Area.	9	Live fish may not be used as bait or possessed for use as bait.
Green Lake - Lavant Twp.	10	Live fish may not be used as bait or possessed for use as bait.
Grimsthorpe Lake - Grimsthorpe Twp.	7	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Gull River (Cobcock) - Bexley and Somerville Twp.s, from Trent-Severn Dam downstream to narrows approaching Balsam Lake.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).
Healey Falls - Seymour Twp. - all water flowing from Seymour Lake from the north-westerly side of the bridge on County Rd. No. 50 to Crowe Bay.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).
Hosias Creek (known as Nash Creek) - Williamsburgh Twp.	9	Fish sanctuary - no fishing from May 14 - June 27 (last Fri.).
Hoople Creek - Osnabruck Twp.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
Indian River and Clayton Lake within a 300 m (984 ft.) radius of the Command Bridge crossing the Indian River where it enters Clayton Lake in Lanark Twp.	10	Fish sanctuary - no fishing from Mar. 1 - June 2 (1st Mon.).
Joeperry Lake.	29	Fish sanctuary - no fishing from Jan. 1 - May 16 (Fri. before 3rd Sat.) & Dec. 1 - Dec. 31.
Katchewanoka Lake (Young's Point) - Smith and Douro Twp.s, from Trent-Severn Dam to the downstream (west) side of the Hwy. 28 bridge.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).
Kiskeubus lake.	29	Fish sanctuary - no fishing from Jan. 1 - May 16 (Fri. before 3rd Sat.) & Dec. 1 - Dec. 31.
Lake Ontario.	8	A person who is angling from a boat may use two (2) lines in the open waters of Lake Ontario except for the Bay of Quinte (the waters lying west of the Glenora Ferry including the Murray Canal, Presquile Bay, Wellers Bay), East Lake, West Lake, Frenchman Bay, Hamilton Harbour and all tributaries of Lake Ontario. Sturgeon closed all year.
Lake Ontario - waters lying east of Chub Point (waters east of Longitude 78°0'0" W) which is just west of Shelter Valley Creek - Haldimand Twp., including the Bay of Quinte, waters of Prince Edward County (Consecon, East and West Lakes) and the Trent River downstream of Lock No. 1, Moira River downstream of the first dam and Napanee River downstream of the dam in the town of Napanee.	8	Walleye catch and possession limit of four (4), zero (0) may be between 48 - 63 cm (18.9 - 24.8 in.) in length and only one (1) may be greater than 63 cm (24.8 in.) in length. Conservation licence limit of two (2), zero (0) may be between 48 - 63 cm (18.9 - 24.8 in.) in length and only one (1) may be greater than 63 cm (24.8 in.) in length.
Lake Ontario and the St. Lawrence River, excluding Lake St. Francis.	8 & 11	Catch and possession limit of five (5) salmon or trout, but not more than three (3) may be lake trout, brook trout and spalee combined.
Lake Scugog.	6	Walleye and sauger open from Jan. 1 - Feb. 28 (last day) & May 10 (2nd Sat.) - Nov. 15. Yellow perch open from Jan. 1 - Feb. 28 (last day) & Apr. 26 (last Sat.) - Nov. 15. Other species not listed in the Division/Species Tables for Division 6 - no fishing from Nov. 16 - Dec. 31 and Mar. 1 - Apr. 25 (Fri. before the last Sat.).
Lake Scugog - 100 m (328 ft.) on both sides of Hwy. 7A (causeways) - Scugog Twp.	6	Fish sanctuary - no fishing from Apr. 1 - May 9 (Fri. before 2nd Sat.).
Lake St. Francis and the waters of the St. Lawrence River lying east of the dam at the Robert H. Saunders Generating Station, and the waters in Lancaster and Charlottenburgh Twp.s, and the City of Cornwall.	9 & 12A	Yellow perch catch limit of one-hundred (100), possession limit of two-hundred (200). Conservation licence catch limit of fifty (50), possession limit of one-hundred (100). Anglers fishing in these waters cannot possess more yellow perch than the daily fishing quota, even if some of the yellow perch were taken from other waters.
Leatherroot Lake - Denbigh Twp.	29	Fish sanctuary - no fishing from Jan. 1 - May 16 (Fri. before 3rd Sat.) & Dec. 1 - Dec. 31.
Lingham Lake - Grimsthorpe Twp.	7	Fish sanctuary - no fishing from Jan. 1 - June 27 (Fri. before last Sat.) & Dec. 1 - Dec. 31.
Little Green Lake - Darling Twp.	10	Live fish may not be used as bait or possessed for use as bait.
Lovesick Dams - Smith and Harvey Twp.s.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).
Lower Buckhorn Lake - Smith and Harvey Twp.s, from Trent-Severn Dam to a point 400 m (1312 ft.) below the dam.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).
Lucky Lake - Miller Twp.	29	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Madawaska River and Lake Madawaska (Amprior head pond) - West Carleton Twp.	9	Northern pike and walleye open from Jan. 1 - Mar. 31 & May 17 (3rd Sat.) - Dec. 31.
Madawaska River and Lake Madawaska (Amprior head pond) - Pakenham Twp.	10	Northern pike and walleye open from Jan. 1 - Mar. 31 & May 17 (3rd Sat.) - Dec. 31.
Mayhew Creek.	7	Rainbow trout closed from Jan. 1 - April 25 (Fri. before last Sat.) & Oct. 1 - Dec. 31.
Mazinaw Lake (Upper and Lower) - Abinger and Barrie Twp.s.	29	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Mississippi River - Drummond Twp., from 79.2 m (260 ft.) east to 240.8 m (790 ft.) west of Main Street.	10	Fish sanctuary - closed all year.
Mississippi River - Drummond Twp., from 79.2 m (260 ft.) east of Main Street to Mississippi Lake.	10	Fish sanctuary - no fishing from Mar. 1 - June 2 (1st Mon.).
Mississippi River - Pakenham Twp., between the falls in the Town of Almonte and upstream side of bridge on Lanark County Road 20.	10	Fish sanctuary - no fishing from Mar. 1 - June 2 (1st Mon.).
Mississippi River and Dalhousie Lake - Dalhousie Twp.	10	See Dalhousie Lake.
Mitchell Lake (44°34'N., 78°50'W.) - including the waters of the Trent Canal between Mitchell Lake and Balsam Lake, and the waters of the Trent Canal between Mitchell Lake and lock number 30 at Kirkfield - Eldon Twp.	6	Walleye catch and possession limit of three (3), which must be less than 37 cm (14.6 in.) or greater than 55 cm (21.7 in.) in length. Conservation licence limit of one (1) which must be less than 37 cm (14.6 in.) or greater than 55 cm (21.7 in.) in length.
Moira Lake.	7	Muskellunge minimum length of 102 cm (40 in.).
Moira River and Bay of Quinte - from the Lott Dam downstream, including Belleville Harbour in the Bay of Quinte.	8	Fish sanctuary - no fishing from Apr. 1 - May 2 (Fri. before 1st Sat. in May).
Moira River - from the first dam above Lake Ontario (in the city of Belleville) upstream to Hwy 7.	7	Muskellunge minimum length of 102 cm (40 in.).
Mosque Lake - Miller Twp.	29	Lake trout closed from Jan. 1 - May 16 (Fri. before 3rd Sat.) & Sept. 9 - Dec. 31.
Napanee River - Town of Napanee from the waterfalls at Springside Park downstream to the bridge at Centre Street.	8	Fish sanctuary - no fishing from Apr. 1 - May 2 (Fri. before 1st Sat. in May).
Newboro Lake (Old Iron Mine Bay) - North Crosby and South Crosby Twp.s.	10	Fish sanctuary - closed all year.
Newboro Lake (The Bog) - South Crosby Twp.	10	Fish sanctuary - closed all year.

<b>Waters of Southeastern Ontario (Map B)</b>	<b>Div.</b>	<b>Exceptions</b>
Niagara River, downstream from Niagara Falls to Lake Ontario.	8	Muskellunge minimum length of 112 cm (44 in.).
Ontario, Lake	2 & 8	See Lake Ontario.
Opinicon Lake (Darlings Bay) - Storington Twp.	10	Fish sanctuary - closed all year.
Opinicon Lake (Murphy Bay) - South Crosby Twp.	10	Fish sanctuary - closed all year.
Otonabee River (Bobcaygeon) - Verulam and Harvey Twp.s from Trent-Severn Dam and little Bob D to Pigeon Lake.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).
Otonabee River (Rosedale/Fenelon Twp.) Trent Severn Dam to Cameron Lake.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).
Otonabee River (Peterborough) from Trent-Severn Dam at Lock 19 to Bensfort Bridge at County Road 2.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).
Ottawa River - between the Quebec Carillon Power House and Pointe Fortune.	12	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
Ottawa River - from the Lake Temiscaming Dam downstream to a line drawn due east from the northernmost point of land at the mouth of Fournier Creek to Poitras Twp.	12	Fish sanctuary - no fishing from Apr. 1 - June 15.
Oter Lake - Ashby Twp.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Paddy Lake - Dollhouse Twp.	10	Live fish may not be used as bait or possessed for use as bait.
Palmerston Lake - Palmerston and South Canonto Twp.s.	29	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Pearce's Flows - Rear of Leeds and Lansdowne Twp.s.	10	Fish sanctuary - closed all year.
Pigeon River (Ormee) - Emily Twp., from Ormee Dam to C.N.R. bridge.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).
Pike Lake.	10	Walleye must be less than 35 cm (13.8 in.) or greater than 50 cm (19.7 in.) in length.
Rainy Lake - Effingham Twp.	29	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Raisin River - those portions of the river in the village of Marlinton and Lot 43, Concession 1, north side of Raisin River in Charlottenburgh Twp.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
Redhorse Lake.	10	The use of alewife or gizzard shad (live or dead) as bait is prohibited.
Rideau Lake.	10	See Big Rideau Lake.
Rideau River.	9 & 10	Muskellunge minimum length of 112 cm (44 in.).
Robertson Lake.	10	No walleye size limit.
Sand Lake - N. Crosby Twp., that part lying in Lots 15 and 16 in Conc. IX and Lot 15 in Conc. VIII, and the waters of the river flowing between Wolfe Lake and Sand Lake.	10	Fish sanctuary - closed all year.
Sand Lake (Freeman's Bay) - South Crosby Twp.	10	Fish sanctuary - closed all year.
Scugog, Lake	6	See Lake Scugog.
Scugog River (Lindsay - Ops Twp.) - from TrentSevern Dam to Ops-Fenelon boundary.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).
South Nation River - Cambridge Twp., Coupland's dam in Casselman downstream to the westerly limit of Lot 11 Conc. V.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
South Nation River - Finch Twp., Hamlet of Crysler.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
South Nation River - North Plantagenet Twp., between north side of Conc. IV and a point 30.5 m (100 ft.) upstream of C.P.R. right-of-way.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
South Nation River - Winchester Twp., Village of Chesterville.	9	Fish sanctuary - no fishing from Apr. 1 - Apr. 30.
Stoco Lake (44°28'N, 77°17'W).	7	Muskellunge minimum length of 102 cm (40 in.).
Talbot River - Brock and Ramara Twp.s - from Hwy. 12 to Dam at Lot 6, Concession XI.	6	Fish sanctuary - no fishing from Mar. 16 - June 27 (Fri. before last Sat.).
Talbot River and its tributaries and the Trent Canal system in Brock Twp., Regional Municipality of Durham and Ramara Twp., Simcoe County.	6	Yellow perch catch and possession limit of one hundred (100).
Talbot River - Kirkfield - Carden Twp., fronting Conc. VII, VIII and IX.	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).
Tay River in lots 3-6 in Concession 2 & 3 in Bathurst Twp.	10	Fish sanctuary - no fishing from Apr. 1 - June 2 (1st Mon.).
Taylor Lake.	10	Walleye minimum length of 41 cm (16.1 in.).
Thorne Lake.	7	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
Trent River - City of Quinte West between the first dam north of Lake Ontario downstream to the south side of the Dundas Street bridge and the Trent Canal from Lock #1 downstream to where it joins the Trent River.	8	Fish sanctuary - no fishing from Apr. 1 - May 2 (Fri. before 1st Sat. in May).
Trent River - from the first dam (Number One) above Lake Ontario upstream to Lock Nine Meyers Lock at the head of Percy Reach.	7	Muskellunge minimum length of 102 cm (40 in.).
Trent River fronting Lots 4 & 5 Conc. VIII, Asphodel Twp. and Lots 14 & 15 Conc. XII, Percy Twp. (Village of Hastings).	6	Fish sanctuary - no fishing from Apr. 26 (last Sat.) - May 16 (Fri. after 2nd Sat.).
Win Island Lake.	29	Walleye must be less than 46 cm (18.1 in.) or greater than 61 cm (24 in.) in length.
Upper Rideau Lake (44°41'N, 76°20'W) - North Crosby Twp.	10	Walleye minimum length of 50 cm (19.7 in.). Walleye catch and possession limit of two [2]. Conservation licence limit of one [1].
Weslemkoon Lake - Ashby Twp.	29	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
Westport Pond - North Crosby Twp.	10	Fish sanctuary - closed all year.
White Lake - Bogot and McNabb Twp.s.	10	Walleye must be less than 35 cm (13.8 in.) or greater than 50 cm (19.7 in.) in length.
White Lake - Olden Twp.	9	Fish sanctuary - closed all year.
Whitefish Lake (Jones Falls Bay) - South Crosby Twp.	10	Fish sanctuary - closed all year.
Witse Creek - Front of Leeds and Lansdowne Twp.s.	10	Fish sanctuary - closed all year.

# Stop

Ontario's waters are threatened by  
exotic species that can be spread  
unknowingly by anglers and boaters.

Eurasian Watermilfoil

Smelt

Zebra Mussel

# the Invasion!

To report sightings and get the latest information call the

**Invading Species Hotline 1-800-563-7711**

## Anglers and Boaters - You Can Help

**Inspect** your boat, motor, trailer, and boating equipment (anchor, centreboards, rollers, axles) and remove any zebra mussels and other plants and animals that are visible before leaving any waterbody.

**Drain** water from the motor, livewell, bilge and transom wells while on land before leaving the waterbody.

**Wash/dry** your boat, tackle, downriggers, trailer, and other boating equipment to kill harmful species that were not visible at the boat launch. Some aquatic nuisance species can survive more than 2 weeks out of water so it is important to:

- **rinse** your boat and equipment that normally gets wet with hot tap water (greater than 40°C); or
- **spray** your boat and trailer with high pressure water (250 psi); or
- **dry** your boat and equipment for at least 5 days before transporting to another waterbody.

**Empty** your bait bucket on land before leaving any waterbody. Never release live bait into a waterbody, or release aquatic animals from one waterbody into another.

**Learn** how to identify zebra mussels and other exotic species. For more information call the Invading Species Hotline (1-800-563-7711) or visit [www.invadingspecies.com](http://www.invadingspecies.com). If you suspect a new infestation, report it to the Invading Species Hotline. This hotline is a partnership between the Ontario Ministry of Natural Resources and the Ontario Federation of Anglers and Hunters.

## Ontario Record Fish Registry

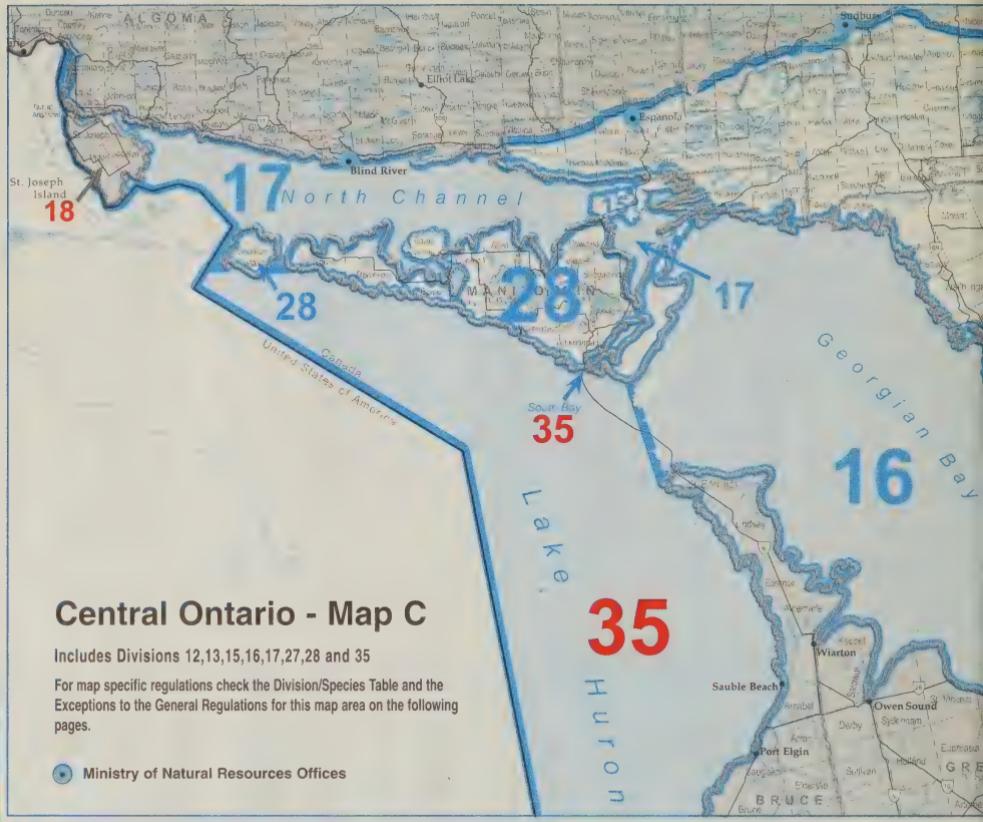

The Ontario Federation of Anglers and Hunters operates the Ontario Record Fish Registry. This registry recognizes the largest fish caught in Ontario for 47 species. For more information, please contact:

*The Ontario Federation of Anglers and Hunters*  
P.O. Box 2800  
Peterborough ON K9J 8L5  
Telephone: (705) 748-6324  
Fax: (705) 748-9577  
Internet: <http://www.ofah.org> e-mail: [ofah@ofah.org](mailto:ofah@ofah.org)

### The Registry includes the following records, as of 2000

	lbs.*	kg		lbs.*	kg
Atlantic Salmon . . . . .	24.30	11.0	Lake Whitefish . . . . .	14.77	6.7
Aurora Trout . . . . .	6.64	3.0	Largemouth Bass . . . . .	10.43	4.7
Black Crappie . . . . .	3.78	1.7	Muskellunge . . . . .	65.00	29.5
Brook Trout . . . . .	14.50	6.6	Northern Pike . . . . .	42.12	19.1
Brown Trout . . . . .	34.38	15.6	Rainbow Trout . . . . .	29.12	13.2
Chinook Salmon . . . . .	46.38	21.1	Smallmouth Bass . . . . .	9.84	4.5
Coho Salmon . . . . .	28.64	13.0	Lake Sturgeon . . . . .	168.00	76.2
Lake Herring (Cisco) . . . . .	4.33	2.0	Walleye . . . . .	22.25	10.1
Lake Trout . . . . .	63.12	28.6	Yellow Perch . . . . .	2.25	1.0

\* Pounds are the official unit of measurement.

## Central Ontario - Map C

Includes Divisions 12,13,15,16,17,27,28 and 35

For map specific regulations check the Division/Species Table and the Exceptions to the General Regulations for this map area on the following pages.

Ministry of Natural Resources Offices

## CENTRAL ONTARIO

### General Notes

- Algonquin Park: All fishing is prohibited in Div. 13 from Jan. 1 - Apr. 25 (Fri. before last Sat.) & Dec. 1 - Dec. 31.
- Lake Nipissing: All angling in Div. 27 is prohibited from Mar. 8 - May 16 (Fri. before Victoria Day) & Oct. 16 - Dec. 31.
- St. Marys River, all waters east or down river of the compensation works at the head of the St. Mary's River rapids in Sault Ste. Marie and including Echo Bay are within Div. 17.

### Licences for Provincial Border Waters

Ontario-Quebec Border: You may fish in Lake Timiskaming and throughout Div. 12 (Ottawa River) and in Div. 12A (Lake St. Francis) with either an Ontario Resident or a Quebec Resident fishing licence.

### ATTENTION: Lake Huron Anglers

\$100.00 (US) REWARD - for the return of fish with internal, temperature-recording tags as identified by an external spaghetti tag near the dorsal or pelvic fin. The tags are being placed in lake trout, chinook salmon, lake whitefish, lake sturgeon and sea lamprey. The date, time and location of capture must be submitted along with the entire fish (not gutted). The fish are only located in Lake Huron and the tag must state - "\$100 REWARD FOR FISH & INTERNAL TAG" - to qualify.

For reward and pick-up, please contact:

Hammond Bay Biological Station,  
Millersburg, Michigan

## New Seasons and Limits for Walleye, Northern Pike, Smallmouth and Largemouth Bass, and Yellow Perch in Georgian Bay and the North Channel, Lake Huron

A bold and significant step towards reversing the decline of recreational fisheries in Georgian Bay and the North Channel of Lake Huron has been taken as a result of the combined efforts of the Eastern Georgian Bay/North Channel Fisheries Stewardship Council and the Ministry of Natural Resources. This Council, comprised of a broad base of stakeholders, was instrumental in developing recommendations aimed at promoting the rehabilitation of depressed fish populations and ensuring the sustainability of recreational fishing opportunities now and into the future. These recommendations were enhanced by the Ministry of Natural Resources with the addition of further protection for spawning-size walleye and northern pike and standardizing size limits across a large part of the province. Together, these changes represent a better future not only for local fish populations but also for stakeholders who benefit from a healthy and diverse aquatic ecosystem.

For details on these new regulation changes, please refer to the highlighted changes on pages 38 and 40. These changes apply to all of Division 16 and 17 except for those areas indicated in the "Exceptions to the General Regulations."

The challenges affecting nearshore fish populations in Georgian Bay and the North Channel of Lake Huron are varied and complex. Finding solutions will require a collective approach. For more information on the Council visit their website at [www.helpourfisheries.com](http://www.helpourfisheries.com) or email [council@helpourfisheries.com](mailto:council@helpourfisheries.com).

<i>Note: Species NOT listed above (except for bait-fish) generally have a year round open season and no catch and possession limits although seasons and limits for other species may be in place in some areas. Check in the "Exceptions to the General Regulations" or with the local MNR office. For information on bait/fish restrictions, see page 8.</i>					
<b>Size Limits:</b> Unless otherwise stated, the length referred to is total length (see page 5). Size restrictions listed above apply to both Sport, Fishing and Conservation licences. <b>Tail length</b> is a measure from the tip of the mouth with jaws closed to the central part of the tail fin (see page 5).					
<b>Daily Catch and Possession Limits:</b> Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases, the size of fish. The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transport, etc. Possession limits are the same as one day's catch limit except where otherwise specified.					
<b>Shore Meals</b> - Fish caught that day and eaten are counted as part of your daily catch limit.					
<b>*except Dec. 24</b>					
<b>† Catch and Possession Limits for Salmon and Trout COMBINED</b> [Not exceeding individual species limits where otherwise stated]					
<b>S</b> Lake Huron [south of the north end of the Bruce Peninsula], and Georgian Bay (excluding Big Trout and brook trout combined, and no more than three [3] may be lake trout). See the "Exceptions to the General Regulations" on P. 43 for regulations affecting rainbow trout and lake trout in the waters of the Big Sound of Parry Sound.					
<b>C</b> Lake Huron [north of the north end of the Bruce Peninsula] and the North Channel [Divs. 17 and 33]; five [5] salmon and trout, but not more than three [3] may be lake trout and brook trout combined.					
<b>C</b> Two [2] in one day with not more than one (1) lake trout.					
<b>C</b> In Lake Huron, south of the north end of the Bruce Peninsula only one (1) rainbow trout in one day.					

**\*except Dec. 24**  
*Species NOT listed above except for hair-fish generally have a year-round open season and no catch and possession limits, although seasons and limits for other species may be open or closed in some areas. Check the "Exceptions to the General Requirements" of the local MNR office for information on banish restrictions. See page 8.*

<sup>†</sup> Catch and Possession Limits for Salmon and Trout COMBINED

[Not exceeding individual species limits where otherwise stated]

- Lake Huron** (south of the north end of the Bruce Peninsula), and Georgian Bay (excluding Big Sound) [Divs. 10 and 35]; five [5] salmon and trout, but not more than three [3] may be taken trout and brook trout combined, and no more than two [2] may be rainbow trout. See the "Exceptions to the General Regulations" on P-43 for regulations affecting rainbow trout and lake trout in the waters of the Big Sound of Perry Sound.

  - Lake Huron (north of the north end of the Bruce Peninsula) and the North Channel [Divs. 17 and 35]; five [5] salmon and trout, but not more than three [3] may be lake trout and brook trout combined.

- Divs. 12, 13, 15, 27 & 28: five (5) salmon and trout combined, in one day.
  - Two (2) in one day with not more than one (1) lake trout.
  - In Lake Huron, south of the north end of the Bruce Peninsula only one (1) rainbow trout in one day.

Daily Catch and Decimation limits

**Daily Catch and Possession Limits:** Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of fish.

**The Possession Limit:** The possession limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number of fish you are allowed to have in your possession on hand, in cool storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

**Shore Meals:** Fish caught that day and eaten are counted as part of your daily catch limit.

Daily Castle

**Daily Catch and Possession Limits:** Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of fish.

**Shore Meals** - Fish caught that day and eaten are counted as part of your daily catch limit.

Note: Species NOT listed above (except for bait-fish) generally have a year round open season and no catch and possession limits although seasons and limits for other species may be in place in some areas. Check in the "Exceptions to the General Regulations" or with the local MNR office. For information on bait-fish restrictions see page 8.

#### \* Catch and Possession Limits for Salmon and Trout COMBINED

[Not exceeding individual species limits where otherwise stated]

- S** • Lake Huron (soil of the north end of the Bruce Peninsula) and Georgian Bay (excluding Big Sound) [Divs. 16 and 35]: like [5] salmon and trout, but not more than three [3] may be rainbow trout combined, and not more than two [2] may be rainbow trout. See the "Exceptions to the General Regulations" on p. 2 for regulations affecting rainbow trout and lake trout in the waters of the Big Sound of Party Sound.
- Lake Huron (soil of the north end of the Bruce Peninsula) and the North Channel [Divs. 17 and 35]: five [5] salmon and trout, but not more than three [3] may be lake trout and brook trout combined.
- Divs. 12, 13, 15, 27 & 28: like [5] salmon and trout combined, in one day.

- C** • Two [2] in one day, with not more than one [1] lake trout in Lake Huron, south of the north end of the Bruce Peninsula only, one [1] rainbow trout in one day.

**Size Limits:** Unless otherwise stated, the length referred to is total length. (see page 5)  
Size restrictions listed above apply to both Sport Fishing and Conservation licences.

#### Daily Catch and Possession Limits:

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and, in some cases, the size of fish.  
The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

**Share Meals:** Fish caught that day and eaten are counted as part of your daily catch limit.

**General**

\* except Dec. 24

ctoria Lake.	15	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
ahwashkesh (Deer) Lake - Burton and McKenzie Twps.	15	Fish sanctuary - no fishing from Jan. 1 - May 16 (Fri. before 3rd Sat.). Lake trout catch and possession limit of two (2), zero (0) between 40 - 55 cm (15.7 - 21.7 in.) in length. Conservation licence limit of one (1), zero (0) between 40 - 55 cm (15.7 - 21.7 in.) in length.
aterloo Lake - Clara Twp.	15	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
aukwimakog (Wilson) Lake, including Pigeon Bay - Wilson and East Mills Twp.	15	Walleye open from Jan. 1 - Mar. 15 and May 17 (Sat. after 3rd Fri.) - Dec. 31.
ekome Lake - Lawrence and Nightingale Twps.	13	Brook trout catch and possession limit of two (2). Brook trout minimum length of 36 cm (14 in.). Only artificial lures are allowed as bait.
endigo Lake - Clara Twp.	15	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Brook trout minimum length of 28 cm (11 in.). Only one line may be used when angling through the ice.
estward Lake - Peck Twp.	13	Brook trout catch and possession limit of two (2). Brook trout minimum length of 46 cm (18 in.). Only artificial lures are allowed as bait.
hestone Lake - Proudfoot Twp.	15	Live fish may not be used as bait or possessed for use as bait.
iskeyack Lake - Carlyle Twp.	15	Fish sanctuary - closed all year.
hite Oak Lake - Tilton Twp.	15	Fish sanctuary - closed all year.
hilefish Lake - Canisbay, Sproule and Nightingale Twps.	13	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length.
hitefish Lake - Humphrey Twp.	15	Lake trout must be less than 40 cm (15.7 in.) or greater than 55 cm (21.7 in.) in length. Only one line may be used when angling through the ice.
hitestone Lake - Hagerman Twp.	15	Walleye catch limit of two (2) which must be less than 35.6 cm (14 in.) in length.
icklow Lake - Wicklow Twp.	15	Live fish may not be used as bait or possessed for use as bait.
llur Lake - Mc Clintock Twp.	15	Live fish may not be used as bait or possessed for use as bait.
indfall Lake - Buff Twp.	15	Live fish may not be used as bait or possessed for use as bait.
olf Lake - Joly Twp.	15	Live fish may not be used as bait or possessed for use as bait.
olf Lake - Nipissing Twp.	15	Fish sanctuary - no fishing from Mar. 16 - May 16 (Fri. before 3rd Sat.).
olaston Lake.	15	Lake trout must be less than 33 cm (13 in.) or greater than 40 cm (15.7 in.) in length. Only one line may be used when angling through the ice.
ork River - Lots 10 and 11, Conc. 1 of Radcliffe Twp., immediately north of the hamlet of Radcliffe.	15	Fish sanctuary - no fishing from Mar. 1 (1st Sat.) - May 16 (Fri. before 3rd Sat.).
ill Lake - Wicklow Twp.	15	Live fish may not be used as bait or possessed for use as bait.

# Community Involvement in Fisheries

The *Community Fisheries and Wildlife Involvement Program* (CFWIP) is your opportunity to participate in hands-on fish and wildlife management and conservation activities that promote healthy water and healthy fish. With the support of the CFWIP program, you can develop volunteer projects that will aid fish and wildlife in Ontario, and improve opportunities for outdoor recreation and the quality of living in your community.

In 2002 there were over 600 CFWIP projects, involving 20,000 volunteers.

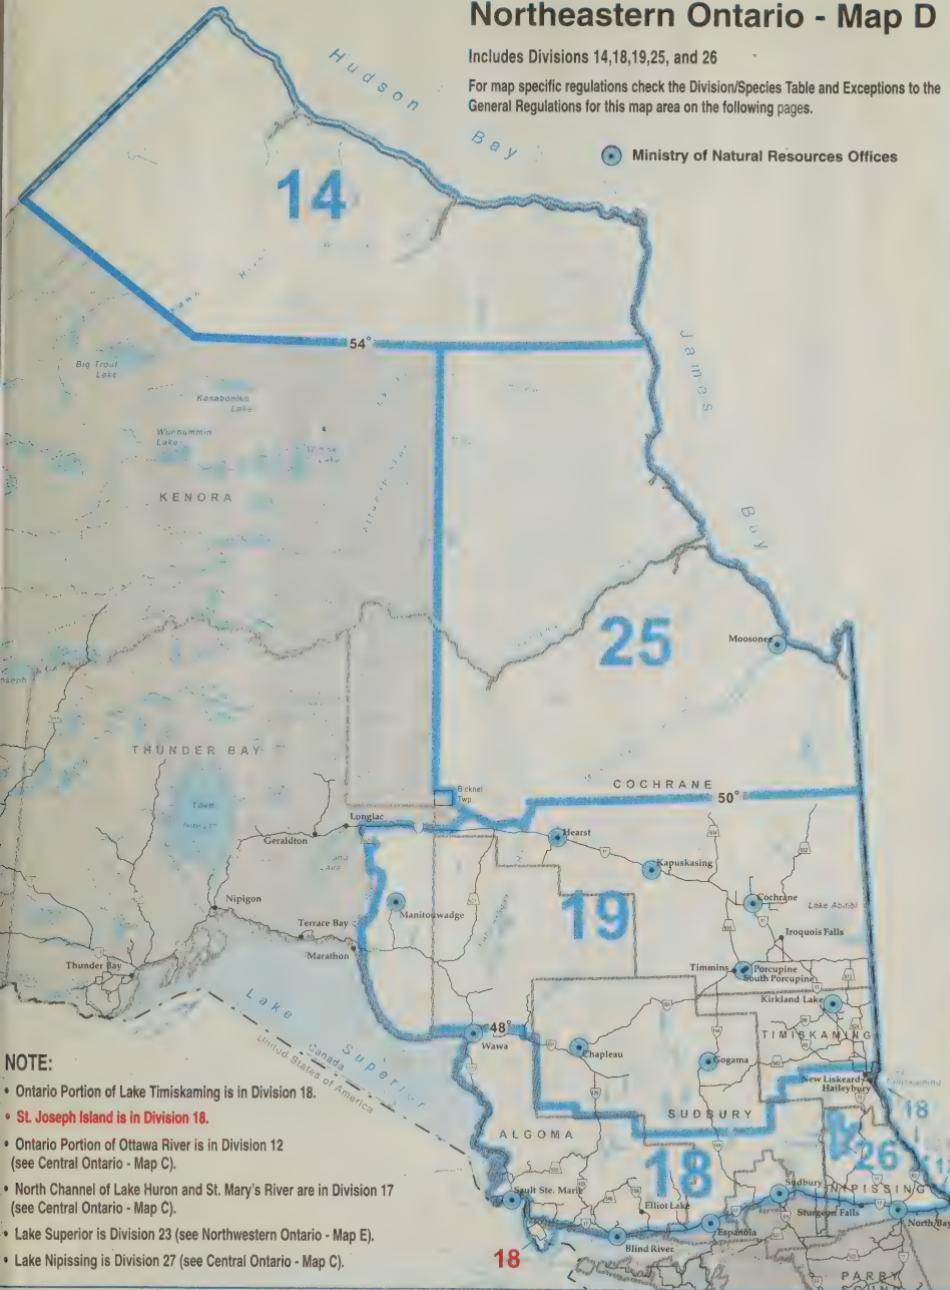

The Ministry of Natural Resources will provide financial help, expertise, equipment and materials and link you up with other partners that will help you and your friends (especially youth!) undertake projects that support healthy water and healthy fish in your community.

*For more information please contact your local Ministry of Natural Resources office.*

## **Northeastern Ontario - Map D**

**Includes Divisions 14,18,19,25, and 26**

For map specific regulations check the Division/Species Table and Exceptions to the General Regulations for this map area on the following pages.

Northeastern

**NOTE:-**

- Ontario Portion of Lake Timiskaming is in Division 18.
  - St. Joseph Island is in Division 18.
  - Ontario Portion of Ottawa River is in Division 12 (see Central Ontario - Map C).
  - North Channel of Lake Huron and St. Mary's River are in Division 17 (see Central Ontario - Map C).
  - Lake Superior is Division 23 (see Northwestern Ontario - Map E).
  - Lake Nipissing is Division 27 (see Central Ontario - Map C).

**FISHING LICENCE LIMITS:**  
**S** Sport Fishing      **C** Conservation Fishing

## **NORTHEASTERN ONTARIO (MAP D) Division/Species Table**

**Open Seasons (all dates inclusive) - Catch, Possession and Size Limits**

*Note: Species NOT listed above (except for bait-fish) generally have a year round open season and no catch and possession limits although seasons and limits for other species may be in place in some areas. Check in the "Exceptions to the General Regulations" or with the local MNR office. For information on bait-fish restrictions, see page 8.*

#### Size Limits:

Unless otherwise stated, the length referred to is total length. (see page 5)  
Size restrictions listed above apply to both Sport Fishing and Conservation licences.

#### Daily Catch and Possession Limits:

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases the size of the fish.  
The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

**Shore Meals** - Fish caught that day and eaten are counted as part of your daily catch limit.

**\*Catch and Possession Limits for Salmon and Trout COMBINED**  
[Not exceeding individual species limits where otherwise stated]  
**S** • Five (5) salmon and trout combined in one day.  
**C** • Two (2) in one day with not more than one (1) lake trout.

# NORTHEASTERN ONTARIO

## General Notes

- All tributaries to Lake Superior in Div. 18 & 19. Rainbow trout catch and possession limit of two (2). Conservation licence limit of one (1).

## Licences for Provincial Border Waters

Ontario-Quebec Border: You may fish in Lake Timiskaming and throughout Div. 12 (Ottawa River) and in Div. 12A (Lake St. Francis) with either an Ontario Resident or a Quebec Resident fishing licence.

## Bait and Gear Restrictions

- In Division 14 recreational fishers are permitted to possess and use only single-pointed barbless hooks. A line may only have one single-pointed barbless hook attached to it.
- Live fish may not be used for bait or possessed for use as bait in:
  - Div. 14;
  - Certain waters in the territorial districts of Algoma, Cochrane, Nipissing, Sudbury and Timiskaming.  
Check with the local MNR office for specific waters.  
See "Exceptions to the General Regulations."
- In Lake Temagami (Div. 26) no person may use as bait or possess for use as bait any sucker, smelt or whitefish, including lake herring (cisco).

## Additional Fishing Opportunities

**Aurora Trout:** The following lakes are open from **August 1 - October 15 in 2003 only.**

- Big Club Lake - Bond and Macklem Twp. (Division 19) - Timmins District
- Nayowin Lake - Burrows Twp. (Division 19) - Timmins District
- Pallett Lake - Nordica Twp. (Division 19) - Timmins District

Catch and possession limit of one (1) in these lakes only. Conservation licence limit of zero (0).

**NOTE:** Live fish may not be used as bait or possessed for use as bait in these lakes.

Lake trout catch and possession limit of two (2), not more than one (1) greater than 40 cm (15.7 in.) in length and not more than one (1) less than 40 cm (15.7 in.) in length. Only artificial lures are allowed as bait.
Turtleshell Lake - Clement and Scholes Twp.s.	18	Fish sanctuary - no fishing from Jan. 1 - Jan. 31.
Twenty-six Mile Creek - Robb and Turnbull Twp.s, between Kamiskota Lake and Christmas Lake.	19	Fish sanctuary - no fishing from Apr. 1 - June 14.
Twopeak Lake - Newman Twp.	19	Fish sanctuary - no fishing from Jan. 1 - May 16 (Fri. before 3rd Sat.) & Nov. 1 - Dec. 31.
Two Tree River, St. Joseph Island.	18	Walleye catch limit of zero (0); Apr. 15 - May 16 (Fri. before 3rd Sat.).
University (Dog) River	19	See Knife Lake.
Unknown Lake (49°47'N, 80°39'W).	19	Fish sanctuary - no fishing from Jan. 1 - May 16 (Fri. before 3rd Sat.) & Nov. 1 - Dec. 31.
Unnamed Creek - between Wabikoba Lake (48°47'N, 85°45'W.) and Ellis Lake including Edna Creek upstream to the first obstruction to fish.	19	Fish sanctuary - no fishing from Mar. 15 - June 15.
Unnamed Creek - Bray Twp., at Gargantua Harbour of Lake Superior.	18	Fish sanctuary - no fishing from Apr. 15 - June 15.
Unnamed Lake (48°31'N, 84°27'W) - Pearkes Twp.	19	Walleye closed all year.
Unnamed Lake (48°32'N, 84°27'W) - Pearkes Twp.	19	Walleye closed all year.
Valentine River - Stoddart and Bonnerman Twp.s, Hwy. 11 to Hanlon Lake (excluding Fushimi Lake).	19	Fish sanctuary - no fishing from Apr. 1 - June 14.
Verona Lake (49°49'N, 80°33'W).	19	Fish sanctuary - no fishing from Jan. 1 - May 16 (Fri. before 3rd Sat.) & Nov. 1 - Dec. 31.
Vermilion River and Vermilion Lake - between the Hwy. 144 bridge and Hwy. 17 in the Town of Walden.	18	Walleye open from Jan. 1 - Mar. 31 & May 17 (3rd Sat.) - Dec. 31.
Verte Lake - Duff Twp.	19	Smallmouth bass closed all year.
Vondel Lake and Creek - Shelly Twp.	19	Fish sanctuary - no fishing from Apr. 1 - June 15.
Wabatongushi Lake at Wabatongushi Narrows - Challener Twp.	19	Fish sanctuary - closed all year.
Wabatongushi Lake - Dibben Bay - from a point 1300 m (4,265 ft.) west to a point 1200 m (3,937 ft.) southwest of Dibben Creek and Dibben Creek upstream to Dibben Lake, and including the creek and connecting Dibben Creek to the unnamed lake due north of Dibben Lake - Simpson, Moorehouse and Challener Twp.s.	19	Fish sanctuary - no fishing from Mar. 15 - June 15.
Wabenung Lake (48°24'N, 84°48'W).	19	Walleye closed all year.
Wabikoba Creek, first obstruction south into Cedar Lake including north end of Cedar Lake not within'Brien Twp.	19	Fish sanctuary - no fishing from Mar. 15 - June 15.
Wabikoba Creek - from Theresa Lake dam south and extending 200 m (656 ft.) from creek mouth into Wabikoba Lake.	19	Fish sanctuary - no fishing from Mar. 15 - June 15.
Wakusimi River - Griffin, Seaton and Lisgar Twp.s.	19	Fish sanctuary - no fishing from Sept. 16 - Dec. 31.
Wakwekabi Lake.	18	See Big Basswood Lake.

<b>Waters of Northeastern Ontario (Map D)</b>	<b>Div.</b>	<b>Exceptions</b>
Nanapitei River - from the northernmost Bailey Bridge in Frauke Twp. to the abandoned copper Bridge at the mouth of the river in Ralbourn Twp.	18	Fish sanctuary - no fishing from Apr. 15 - June 15.
Tababeg Lake - Sheba, Nordica, Terry, McEvoy and Tolstoi Twp.s.	19	Lake trout open from Feb. 15 - Mar. 15 & May 17 (3rd Sat.) - Sept. 30.
Wetheren Creek in Ossian Twp. - from the culvert crossing the Pontiac-McVittie Road east to the mouth of the creek as it flows into Labyrinth Lake.	19	Fishing sanctuary - no fishing from Apr. 1 - June 14.
Velcom Lake - Valin Twp.	19	Lake trout open from Feb. 15 - Mar. 15 & May 17 (3rd Sat.) - Sept. 30.
Vendago Lake - Bayly and Martre Twp.s.	19	Lake trout open from Feb. 15 - Mar. 15 & May 17 (3rd Sat.) - Sept. 30.
Wenibegon Lake and River - Langlois and Lynch Twp.s.	19	Fish sanctuary - no fishing from Apr. 1 - June 14.
West Choppa Lake (49°50'N., 80°38'W.).	19	Fish sanctuary - no fishing from Nov. 1 - May 16 (Fri. before 3rd Sat.).
West Davignon Creek - Korah Twp., City of Sault Ste. Marie.	18	Fish sanctuary - no fishing from Apr. 15 - June 15.
Whirligig Lake - Gamble Twp.	18	Fish sanctuary - closed all year.
White Lake, Shabotik River, Kwinkwaga River - the part of Shabotik Bay 850 m (2,790 ft.) southwest of the mouth of the Shabotik River north to the west tip of the low island along the north shore of Shabotik Bay about 1050 m (3,445 ft.) northwest of the mouth of the Shabotik River; the Shabotik River from White Lake upstream to the top of the first rapids bout 350 m (1,148 ft.) above the confluence with the Kwinkwaga River; and the Kwinkwaga River upstream to Alikameg Lake.	19	Fish sanctuary - no fishing from Mar. 15 - June 15.
White Lake, Olga Creek, and McGill Creek [unsurveyed territory] - part of Shabotik Bay point 300 m (984 ft.) west and southeast to the point 650 m (2,133 ft.) east of the mouth of Olga Creek; and Olga Creek upstream from the lake 2 km (6,560 ft.) to a small lake; and McGill Creek from Olga Creek 1 km (3,280 ft.) upstream to Alikameg Twp.	19	Fish sanctuary - no fishing from Mar. 15 - June 15.
White Lake and White River - the bay of White Lake south of a line from the northeast corner of Regan Pt. east to the eastern shore of White Lake at the road from the Mobern subdivision, and the White R. from White Lake upstream 700 m (2,300 ft.) to the bridge in the Mobern Road (Labege Twp.).	19	Fish sanctuary - no fishing from Mar. 15 - June 15.
White Pine Lake - Gamble Twp.	18	Fish sanctuary - closed all year.
White Pine Lake - McLeod Twp.	18	Fish sanctuary - closed all year.
White Rock Lake - McNie Twp.	18	Fish sanctuary - closed all year.
Whitebear Lake - Sayer Twp.	18	Fish sanctuary - no fishing from Jan. 1 - Feb. 14; Mar. 15 - Apr. 25 (Fri. before last Sat.) & Oct. 1 - Dec. 31.
Whitefish Channel (Whitefish Creek) City of Sault Ste. Marie, between St. Mary's Island and Whitefish Island.	18	Fish sanctuary - closed all year
Whitefish Lake and Shikwamka River, Maness Twp. from 820 m (2,690.6 ft.) below Valley Bridge site to 200 m (656 ft.) above Valley Bridge site.	18	Fish sanctuary - no fishing from Mar. 15 - June 15.
Whitman Creek - Daumont and Gaudette Twp.s., between Devil's (Deil) Lake and the Gouais River.	18	Fish sanctuary - no fishing from Apr. 15 - June 15.
Wicksteed Lake - Kenny, Gladman, Flett, Gooderham, Milne Twp.s.	18	Fish sanctuary - no fishing from Jan. 1 - May 16 (Fri. before 3rd Sat.).
Wilderness Lake - Gamble Twp.	18	Live fish may not be used as bait or possessed for use as bait.
Wishart Lake - Wishart Twp.	18	Fish sanctuary - closed all year.
Wolf Lake - Sisk Twp.	18	Live fish may not be used as bait or possessed for use as bait.
Woods Lake - Afton Twp.	18	Fish sanctuary - no fishing from Jan. 1 - Jan. 31.
Woolley Lake (48°51'N., 80°37'W.) - Edwards Twp.	19	Walleye open from May 17 - Dec. 31.
Yynn Lake - Arnold Twp.	19	Fish sanctuary - closed all year 2003, 2005, & 2006 Aurora trout open from Aug. 1 - Oct. 15, fish sanctuary remainder of year 2004, & 2007. Live fish may not be used as bait or possessed for use as bait.
esterday Lake (49°50'N., 80°43'W.).	19	Fish sanctuary - no fishing from Jan. 1 - May 16 (Fri. before 3rd Sat.) & Nov. 1 - Dec. 31.
esterday River Lake (49°49'N., 80°46'W.).	19 & 25	Fish sanctuary - no fishing from Jan. 1 - May 16 (Fri. before 3rd Sat.) & Nov. 1 - Dec. 31.

## F O R E S T   F I R E S

To report a forest fire in Ontario, you may call toll free and your call will be directed to the Ministry of Natural Resources Regional Fire Response Centre, within the area code from which you are calling.

In the 705 telephone area code (north of the French/Mattawa River System) call:  
**1-888-863-FIRE (3473).**

In the 807 telephone area code (northwestern Ontario) call:  
**1-888-284-FIRE (3473).**

to plan your next fishing trip!

## Crown Land and Camping

In Ontario, travel for recreational purposes on Crown lands and waters is generally free and unrestricted. Generally, camping is allowed free on Crown lands for up to 21 days at one site except where posted as no camping. Some Crown lands, however, have restricted travel zones for forest fire prevention, officially closed forest access roads and areas posted with signs to prohibit all or certain kinds of travel.

**Non-residents 18 years of age or older**, except those using a camping unit rented from a commercial outfitter in Ontario, **require a permit to camp on Crown lands north of the French and Mattawa Rivers**. Contact your local MNR office or licence issuer for permits.

**NOTE:** Non-residents camping on Crown lands must observe Conservation licence limits, except in the Border Waters Area. See Regulations for Border Waters on page 78.

Note: Species NOT listed above (except for half-fish) generally have a year round open season and no catch and possession limits although seasons and limits for other species may be \* except Dec. 24

#### In place in some areas. Check in the 'Exceptions to the General Regulations' or with the local MNR office. For information on bait-fish restrictions, see page 8.

#### Catch and Possession Limits for Salmon and Trout COMBINED

[Not exceeding individual species limits where otherwise stated]

- Lake Superior (23 - five [5]) salmon and trout combined but not more than three (3) may be lake trout, spale and brook trout combined.
- All other Map E Divisions (20-22, 22A, 24 and 30-34) - five (5) salmon and trout combined.

- Two (2) in one day with not more than one (1) lake trout.

#### Daily Catch and Possession Limits:

Daily catch and possession limits will depend on the type of fishing licence you hold, the species and where they are caught and in some cases, the size of fish.

The catch limit is the number of fish you are allowed to catch and keep in one day. The possession limit is the number you are allowed to have in your possession on hand, in cold storage, in transit, etc. Possession limits are the same as one day's catch limit except where otherwise specified.

**Shore Meals** - Fish caught that day and eaten are counted as part of your daily catch limit.

Non-Residents of Canada require an Ontario Non-resident Fishing Licence (see page 4) to fish on the Ontario side of the International Border. Non-Residents fishing in the Border Waters area please refer to pages 78 and 79.

# NORTHWESTERN ONTARIO

## Regulations for Border Waters

### Licences for Provincial Border Waters

Ontario-Manitoba Border: You may fish in the following lakes with either an Ontario or a Manitoba fishing licence: Div. 22 - Davidson, High, Manticore, and Ryerson Lakes; Div. 24 - Moar Lake; Div. 31 - Frances and Garner Lakes.

### International Border Waters

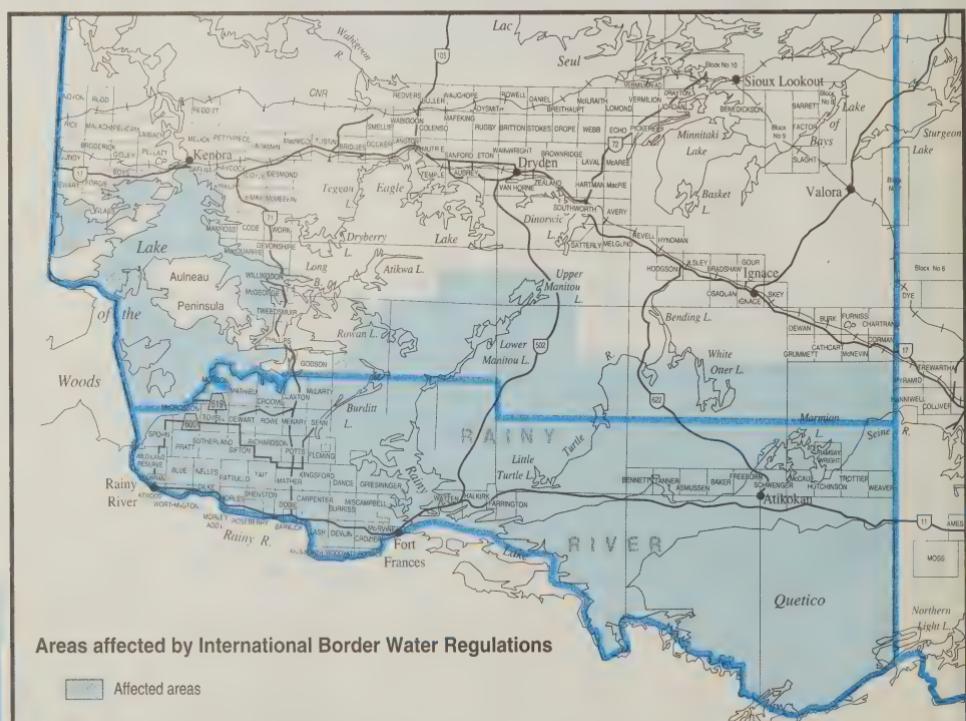

New fishing regulations affecting non-residents of Canada came into effect in November of 1999 for the international border waters area in northwestern Ontario. The international border waters includes Lake of the Woods, Obabika and Cul de Sac Lakes, Rainy River, Rainy Lake, and all other waters included in the blue shaded area on the map below.

The changes affect the number of walleye, sauger and lake trout that non-residents can catch and retain in one day and the total number that can be possessed at any time. For all other species, non-residents should refer to the catch and possession limits shown on the Division/Species Tables and the Exceptions to the General Regulations.

All non-residents of Canada need to be aware of the following:

- the changes affect all non-residents of Canada regardless of whether you are staying overnight in Canada or not;
- non-residents of Canada are no longer required to have proof of accommodation or a Border Water Conservation Tag to retain fish;
- non-residents of Canada require an Ontario Non-Resident Sport Fishing Licence or an Ontario Non-Resident Conservation Fishing Licence to fish on the Ontario side of the International Border;
- catch and possession limits for walleye, sauger, and lake trout are affected by the new regulations (see details in the table).

**NOTE:** Always check the Exceptions to the General Regulations on pages 82 to 90 for additional regulations specific to the water body you are fishing on.

# NORTHWESTERN ONTARIO

## General Notes

- All tributaries to Lake Superior in Divs. 21 and 33. Rainbow trout catch and possession limit of one (1), Conservation licence limit of one (1). See Exceptions to General Regulations for tributary specific regulations.
- Non-residents camping on Crown land in Northwestern Ontario, except for the border waters areas, must observe Conservation Licence Limits.
- Div. 34 - you may not possess live lake trout or brook trout.
- A CITES permit is required to export Sturgeon from Canada, see page 6.

## Bait and Gear Restrictions

- You may not use or possess live fish for bait in:
  - Div. 24;
  - Certain waters of the territorial districts of Kenora and Thunder Bay. Check with the local MNR office for specific details.
  - Quetico Provincial Park.
- You **may** use and possess live fish for bait in Div. 20, north and south of the 11th Baseline.
  - Div. 34:
    - when angling through the ice, artificial lures must be used.
    - barbless hooks must be used all year, on all gear.
    - no person shall possess or use stringers or live holding pens.
  - It is illegal to possess live or dead smelt while recreational fishing in Divs. 22, 22A, 24, 30, 31 and 32.

## WEST NILE VIRUS

West Nile Virus (WNV) is a disease that may be transferred to humans when they are bitten by a mosquito carrying the virus. Anglers in areas with active mosquito populations should wear long sleeved shirts and use bug hats or bug repellent to reduce the chance of exposure to this virus. For additional information on this disease go to the:

**MOHLTC INFOline at 1-800-268-1154**

Wabinosh Bay, Lake Nipigon.	34	Walleye and/or sauger catch and possession limit two (2), not more than one (1) greater than 46 cm [18.1 in.] in length.
Watcomb Lake [49°51'N., 91°19'W].	22	Walleye catch and possession limit two (2), not more than one (1) greater than 46 cm [18.1 in.] in length.
Watershed Lake [48°32'N., 90°32'W].	21	Fish sanctuary - no fishing from Jan. 1 - May 23 (Fri. before 4th Sat.) & Oct. 1 - Dec. 31.
Weewullee Lake [50°06'N., 87°56'W].	33	Brook trout open from Apr. 26 (last Sat.) - Sept. 1 (labour Day).
Wegg Lake [50°34'N., 93°35'W].	31	Muskellunge minimum length of 102 cm [40 in.]
Weikwabinonaw River - between Marks Lake and Weikwabinonaw Lake.	21	Fish sanctuary - no fishing from Apr. 1 - May 31.
Weikwabinonaw River - from Mark's Lake upstream to the Weikwabinonaw Lake Road.	21	Fish sanctuary - no fishing from Apr. 1 - May 31.
Weikwabinonaw River - from Tralifar Bay on Northern Light extending upstream to its confluence with Nelson Creek, including the unnamed lake known locally as Lily Lake.	21	Fish sanctuary - no fishing from Apr. 1 - May 31.
Weld Lake - Pipestone Chain [49°02'N., 93°41'W].	22	Muskellunge minimum length of 122 cm [48 in.]
Whalen Lake.	22	Walleye closed all year.
White Otter Lake [49°07'N., 91°52'W].	32	Fish sanctuary - no fishing from May 15 - June 15. Nonresidents fishing in the border waters area, refer to page 78.
Whiteass Lake [51°11'N., 94°03'W].	31	Fish sanctuary - closed all year.
Whitefish Lake [48°13'N., 90°00'W].	21	Yellow perch catch limit of fifty (50) in one (1) day, possession limit of one hundred (100). Conservation licence limit of twenty-five (25).
Whiterock Lake [49°51'N., 91°15'W].	22	Walleye catch limit zero (0) [catch & release only].
Whitney Lake [49°57'N., 93°55'W].	22	Muskellunge minimum length of 91 cm [36 in.]
Wilcox Lake [50°31'N., 93°47'W].	31	Muskellunge minimum length of 102 cm [40 in.]
Wild Potato Lake.	22	No person shall possess more fish of any species on board the vessel than the daily fishing quota for that species of fish in the waters where the person is fishing, regardless of where the fish were caught. Walleye and sauger catch and possession limit of four (4), walleye not more than one (1) over 70 cm [27.5 in.], none under 35 cm [13.8 in.] or between 45 - 70 cm [17.7 - 27.5 in.] in length. Muskellunge minimum length of 122 cm [48 in.] Nonresidents fishing in the border waters area, refer to page 78.
Willray Lake [48°29'N., 89°47'W].	21	Fish sanctuary - closed all year.
Winnipeg River System in its entirety - from Norman Dam at Kenora to the Whitedog Dam including Big Sand Lake [50°08'N., 94°38'W], Gunn Lake [49°58'N., 94°39'W], Little Sand Lake [50°03'N., 94°42'W], Lost Lake [50°01'N., 94°39'W], MacFarlane River to the Ena Lake Dam, Middle Lake [49°46'N., 94°37'W], Muriel Lake [49°49'N., 94°41'W], Pistol Lake [50°00'N., 94°43'W], and Roughrock Lake [50°06'N., 94°46'W].	22	Muskellunge minimum length of 137 cm [54 in.]
Winnipeg River System - from Norman Dam to the Manitoba Border, excluding Muriel Lake and Middle Lake.	22	Walleye open from Jan. 1 - Mar. 14 & May 17 (3rd Sat.) - Dec. 31.
Winnipeg River (west branch) - from Norman Dam to westerly tip of Tunnel Island and northerly point of Patent Property A-16.	22	Fish sanctuary - no fishing from Apr. 1 - May 31.
Wylie Lake	33	Fish sanctuary - closed all year in 2003. Specific walleye restrictions will apply in 2004. Barbless hooks must be used at all times.
Young Lake [49°51'N., 91°13'W].	22	Walleye catch limit zero (0) - catch & release only.
Yucca, Grehane, Little Pic and Sun Lakes.	33	Lake trout aggregate catch limit of one (1) for these lakes.
Zeebel Lake - including the Paseminen River upstream to 300 m (984 ft.) above the Musselwhite Mine Road.	24	Fish sanctuary - closed all year.

# Ministry of Natural Resources Offices

If you are not sure whether you can fish at a certain time and place, or if you have any questions about the regulations, contact:

- the MNR office nearest to where you plan to fish,
- the Natural Resources Information Centre  
General Inquiry 1-800-667-1940  
French Inquiry 1-800-667-1840

# Fish Identification

Here are the types of fish that anglers are likely to catch in Ontario's lakes and streams. Information is provided on the following:

- L:** length.
- D:** distribution/habitat.
- S:** similar fish.
- K:** key identifying characteristics that separate them from those similar fish.

The Ontario record for many of these species can be found on pg. 50.

The fish illustrations were drawn by Rebecca Brebner, with the exception of the muskellunge and the sturgeon, which were drawn by Andreas Rodman of the Ontario Ministry of Environment, the bluegill which was drawn by Curtis Atwater, the Great Lakes phase of the rainbow and brown trout which were drawn by Virgil Beck and provided by the Wisconsin Department of Natural Resources. These illustrations were redrawn based on original fish illustrations from two publications: Bulletin 184, Fisheries Research Board of Canada – "Freshwater Fishes of Canada" by Scott and Crossman, and "Fish of Ontario" [poster] distributed by the Ministry of Natural Resources.

## Walleye

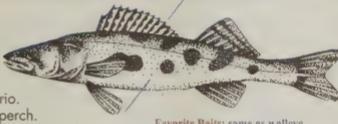

- L:** 25 - 85 cm (10 - 33 in.).
- D:** lakes and rivers throughout most of Ontario.
- S:** sauger, yellow perch.
- K:** white tip on lower tail fin; no distinct blotches or bands on adults.

**Favorite Baits:** spinners, jigs, crank baits, worms, minnows, leeches

## Sauger

- L:** 25 - 41 cm (10 - 16 in.).
- D:** large, shallow, turbid waters throughout Ontario.
- S:** walleye, yellow perch.
- K:** lacks white tip on lower tail fin; distinct blotches or bands on adults; spots on dorsal fin.

**Favorite Baits:** same as walleye

## Yellow Perch

- L:** 15 - 30 cm (6 - 12 in.).
- D:** clear waters with some vegetation throughout Ontario; often school.
- S:** walleye, sauger, white perch.
- K:** 6 to 8 dark, vertical bands on sides, alternating with light yellow to yellow-green.

**Favorite Baits:** small jigs, small spoons, small minnows, worms

## Pumpkinseed

- L:** 18 - 23 cm (7 - 9 in.).
- D:** clear, shallow, weedy waters north to Temagami.
- S:** rock bass, bluegill.
- K:** 3 anal fin spines; wavy, blue-green stripes on sides of head; ear flap with orange or red spot.

**Favorite Baits:** small jigs, worms

## Bluegill

- L:** 15 - 30 cm (6 - 12 in.).
- D:** warm, vegetated, still waters throughout southern Ontario.
- S:** rock bass, pumpkinseed.
- K:** 3 anal fin spines; black spot at rear end of dorsal fin; ear flap black.

**Favorite Baits:** small jigs, worms, flies

## Northern Pike

- L:** 45 - 100 cm (18 - 39 in.).
- D:** quiet, vegetated waters throughout Ontario.
- S:** muskellunge.
- K:** light yellowish spots on dark green background; tips of tail fin more rounded than muskellunge; see also head close-up below.

**Favorite Baits:** spoons, large spinners, large crank baits, minnows

## Northern Pike

Cheek fully scaled, upperhalf of opercle only scaled, 10 pores on undersides of lower jaw.

## Muskellunge

Cheek and opercle both scaled only on upper half, 12-18 pores on undersides of lower jaw.

**Favorite Baits:** large bucktail spinners, large body baits, sucker minnows

## Muskellunge

- L:** 71 - 137 cm (28 - 54 in.).
- D:** discontinuous in southern and near northeastern Ontario, and the Lake of the Woods/Rainy River area.
- S:** northern pike.
- K:** dark vertical bands on light background, at times spotted or clear; tips of tail fin more pointed than northern pike; see also head close-up above.

**Favorite Baits:** jigs, spinners, crank baits, minnows, crayfish

## Smallmouth Bass

- L:** 25 - 50 cm (10 - 20 in.).
- D:** clear, rocky waters with little vegetation from southern Ontario to Timiskaming and northwestern Ontario.
- S:** largemouth bass.
- K:** upper jaw does not extend beyond eye; shallow notch between dorsal fins; body often with dark, broken bars.

**Favorite Baits:** spinnerbaits, crank baits, plastic worms, minnows, frogs

## Largemouth Bass

- L:** 25 - 55 cm (10 - 22 in.).
- D:** warm, weedy, slow or still waters primarily in southern Ontario.
- S:** smallmouth bass, rock bass.
- K:** upper jaw extends beyond eye; deep notch between dorsal fins; body often with a broken horizontal stripe.

## Rock Bass

- L:** 15 - 20 cm (6 - 8 in.).
- D:** warm, slow or still shallows with rocky bottoms, northward to Lake Abitibi.
- S:** pumpkinseed, bluegill.
- K:** large, red eye; six anal fin spines; regular rows of spots on the side in adults.

## White Sucker

- L:** 30 - 50 cm (12 - 20 in.).
- D:** warm, shallow lakes and tributary rivers across Ontario.
- S:** other suckers (e.g. redhorse).
- K:** torpedo-shaped; round in cross-section; scales smaller than redhorse sucker.

## Salmon and Trout Identification

The following features are useful in identifying salmon and trout:

### Chinook Salmon

**L:** 30 - 100 cm (12 - 39 in.).

**D:** found in all Great Lakes and some tributaries.

**S:** chinook, coho, pink and Atlantic salmon; rainbow trout (steelhead), brown trout.

**K:** black mouth and black gums; tail entirely spotted; leading ray on anal fin extends 1/3 the length of the fin; short, narrow caudal peduncle.

**Favorite Baits:** spoons, wobbling plugs, dodger and flies

### Coho Salmon

**L:** 30 - 75 cm (12 - 30 in.).

**D:** found in all Great Lakes and some tributaries.

**S:** chinook, coho, pink and Atlantic salmon; rainbow trout (steelhead), brown trout.

**K:** dark mouth and light grey gums; tail spotted on upper lobe only; leading ray on anal fin extends 1/2 - 2/3 the length of the fin; short, narrow caudal peduncle.

**Favorite Baits:** spoons, dodger and flies

### Atlantic Salmon

**L:** 25 - 70 cm (10 - 28 in.).

**D:** reintroduced to Lake Ontario; occasionally in upper Great Lakes and some tributaries, and Trout Lake near North Bay.

**S:** chinook, coho and pink salmon, rainbow trout (steelhead), brown trout.

**K:** white mouth and gums; few large, dark spots on gill cover; no spots on tail; leading ray on anal fin extends the length of the fin; long, narrow caudal peduncle; dark-coloured pectoral fins.

### Pink Salmon

**L:** to 46 cm (18 in.).

**D:** found in all Great Lakes.

**S:** chinook, coho and Atlantic salmon; rainbow trout (steelhead), lake trout.

**K:** large black spots on back and tail fin, but not on dorsal fin; forked tail; leading ray on anal fin extends 1/3 - 1/2 the length of the fin; narrow caudal peduncle.

### Lake Trout

**L:** 30 - 80 cm (12 - 31 in.).

**D:** cold waters of deep lakes throughout much of Ontario.

**S:** brook trout.

**K:** light wormlike markings and spots on dark background, none red; deeply forked tail; white leading edge on lower fins, but no black line.

**Favorite Baits:** spoons, jigs, crank baits, lake trolls

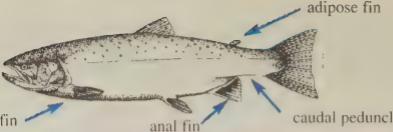

### Channel Catfish

**L:** 36 - 53 cm (14 - 21 in.).

**D:** Great Lakes and larger lakes and rivers south of the French River and from Lake Nipigon west.

**S:** brown bullhead.

**K:** deeply forked tail.

### Rainbow Trout/Great Lakes (Steelhead)

**L:** 35 - 60 cm (14 - 24 in.).

**D:** found in all Great Lakes and many tributaries.

**S:** chinook, coho, pink and Atlantic salmon; brown trout.

**K:** white mouth and gums; bo with dark spots; spots all over tail in radiating rows; leading anal fin ray extends the length of the fin; long, stocky caudal peduncle.

### Rainbow Trout/Inland

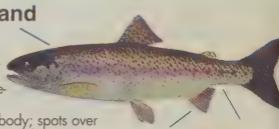

**L:** 15 - 40 cm (6 - 16 in.).

**D:** south of a line from Kendra to Kesagami Lake.

**S:** brook and brown trout; juvenile Atlantic salmon.

**K:** many small black spots on body; spots over tail in radiating rows; pink lateral stripe; leading anal fin ray extends the length of the fin; long, stocky caudal peduncle.

**Favorite Baits:** spinners, spoons, roe, worms, flies

### Brown Trout/Great Lakes

**L:** 35 - 60 cm (14 - 24 in.).

**D:** found in all Great Lakes and some tributaries.

**S:** chinook, coho, pink and Atlantic salmon; rainbow trout.

**K:** white mouth and gums; silvery with dark spots on body; only occasional vague spots on tail; only salmon or trout with orange on adipose fin; leading anal fin ray extends the length of the fin; short, stocky caudal peduncle; lightcoloured pectoral fins.

### Brown Trout/Inland

**L:** 20 - 40 cm (8 - 16 in.).

**D:** occasional south of the French River, mostly in Great Lakes tributaries.

**S:** rainbow and brook trout; juvenile Atlantic salmon.

**K:** large blue, black or red spots on body, often surrounded by lighter ring; tail with few spots; only salmon or trout with orange on adipose fin; leading anal fin ray extends the length of the fin; short, stocky caudal peduncle.

**Favorite Baits:** spinners, spoons, worms, flies

### Brook Trout

**L:** 15 - 40 cm (6 - 16 in.).

**D:** cold, clear streams, small lakes, Lake Superior.

**S:** lake trout.

**K:** light wormlike markings and spots on dark background, some red and blue; square tail; white leading edge on lower fins, set off by black line.

**Favorite Baits:** spinners, spoons, worms, flies

### Brown Bullhead

**L:** 20 - 36 cm (8 - 14 in.).

**D:** warmer, slow waters throughout southern Ontario and generally south of highway 11 & 17 in the north.

**S:** channel catfish.

**White Bass**

- L:** 20 - 30 cm (8 - 12 in.).  
**D:** clear water near rock reefs and sand bars in lower Great Lakes area.  
**S:** white perch.  
**K:** dark spots in horizontal lines, often faint and irregular; second anal spine distinctly shorter than third.

**White Perch**

- L:** 15 - 25 cm (6 - 10 in.).  
**D:** Lakes Ontario and Erie, lower Niagara River and Welland Canal.  
**S:** white bass, yellow perch.  
**K:** colour variable, but spots or stripes not obvious; second and third anal spine roughly equal in length.

**Lake Whitefish**

- L:** 30 - 65 cm (12 - 26 in.).  
**D:** Great Lakes and deep, cold, inland lakes across Ontario.  
**S:** cisco, round whitefish.  
**K:** mouth overhanging by snout (see below); body oval in cross-section.

**Favorite Baits:** small jigs, small spoons, small minnows

Profiles of whitefish and herring showing differences due to position of snout or upper jaw.

**Cisco (Lake Herring)**

- B:** The mouth is overhung by the snout or upper jaw; rounded profile.

**Cisco**

- L:** 20 - 30 cm (8 - 12 in.).  
**D:** cold waters from Great Lakes to Hudson Bay  
**S:** lake and round whitefish, rainbow smelt  
**K:** mouth not overhanging by snout (see above); mouth ends before middle of eye.

**Rainbow Smelt**

- L:** 15 - 25 cm (6 - 10 in.).  
**D:** throughout Great Lakes area, including some inland lakes.  
**S:** cisco.  
**K:** mouth extends beyond centre of the eye; tongue with prominent teeth.

**Favorite Baits:** dough, corn, worms, prepared carp bait

**Carp**

- L:** 30 - 75 cm (12 - 30 in.).  
**D:** shallow, warm waters, primarily in southern Ontario.  
**S:** freshwater drum.  
**K:** "whiskers" beside mouth; one dorsal spine.

**Favorite Baits:** dough, corn, worms, prepared carp bait

**Freshwater Drum**

- L:** 45 - 50 cm (18 - 20 in.).  
**D:** large, shallow water bodies with mud or sandy bottoms, mostly in lower Great Lakes.  
**S:** carp.  
**K:** no "whiskers"; 8-9 dorsal spines.

**White Crappie**

- L:** 20 - 30 cm (8 - 12 in.).  
**D:** mouths of tributary streams or weedy, sheltered bays in lower Great Lakes area.  
**S:** black crappie.  
**K:** six dorsal fin spines; 6 or 7 anal fin spines; sides with faint bars.

**Favorite Baits:** small jigs, small minnows, worms

**Black Crappie**

- L:** 18 - 25 cm (7 - 10 in.).  
**D:** clear, weedy lakes and slow rivers primarily Great Lakes, south central near northeast and parts of northwestern Ontario.  
**S:** white crappie.  
**K:** 7-8 dorsal fin spines; 6 or 7 anal fin spines; irregular mosaic of distinct black blotches.

**Favorite Baits:** small jigs, small minnows, worms

**Goldeye**

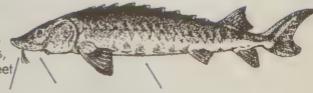

- L:** 25 - 38 cm (10 - 15 in.).  
**D:** parts of northeastern and northwestern Ontario, often in swift, silty waters.  
**S:** mooneye.  
**K:** iris of eye large and bright golden, forward scales with golden luster.

**Mooneye**

- L:** 25 - 30 cm (10 - 12 in.).  
**D:** clear rivers and shallow lake waters, southern as well as parts of northeastern and northwestern Ontario.  
**S:** goldeye.  
**K:** iris of eye large and golden, but not as bright as goldeye; scales silvery.

**Sturgeon**

- L:** 90 - 145 cm (3 - 5 ft).  
**D:** larger rivers and lakes, usually less than 30 feet deep.  
**S:** none.  
**K:** underslung mouth; whiskers; bony plates on sides.

**Burbot (Ling)**

- L:** to 38 cm (15 in.).  
**D:** cool waters of lakes and rivers throughout Ontario.  
**S:** burbot.  
**K:** single "whisker" on tip of chin; long, thin anal fin.

**Bowfin**

- L:** 46 - 61 cm (18 - 24 in.).  
**D:** swampy, vegetated bays of warm lakes and rivers, primarily in southern Ontario.  
**S:** bowfin.  
**K:** no "whiskers"; anal fin short but deep.

# Panfishing . . . fun with the little ones!

Rock Bass

Black Crappie

Pumpkinseed

Panfish are generally defined as those species of gamefish which never outgrow the size of a frying pan. In Ontario, this includes bluegill, pumpkinseed, crappies and rock bass. These colorful little scrappers are abundant in many Ontario waters. They are flat, similar in shape to your hand, and seldom exceed one pound in weight.

Panfish are excellent species for young anglers. They are aggressive feeders and will readily take a variety of baits. Not only do they put up a great fight, especially on light tackle, they also make a delicious meal. As an added benefit, panfishing is open year-round in most areas.

Panfish associate strongly with underwater structure such as docks, stumps, logs, boulders and weed beds. They are usually found in schools and feed actively throughout the day.

You don't need a boat or expensive gear to fish for panfish. Probably the best setup is a light spinning or spincast rod outfitted with light line, a small float, a split shot sinker and a small hook baited with a piece of worm, small minnow or a leech.

Ontario Record Bluegill  
28 cm (11 in.), 0.83 kg (1.84 lb.)  
Caught in Lake Erie

Fishing for panfish is a lot of fun!

Why not take your family fishing

July 4th to the 6th

during the licence-free Family Fishing Weekend and  
try your luck at panfishing.

# Make a memory that will last a lifetime.

Chances are, you learned to fish at the knee of a trusted adult. Give someone else that chance this July, during the Ontario Family Fishing Weekend, or National Fishing Week. They won't forget it, and neither will you.

## Ontario Family Fishing Weekend July 4-6, 2003

- Licence-free fishing for Canadian Residents – this weekend only!
- If you have no licence, you must abide by Conservation Licence Limits.
- Look for local Weekend Events.
- Anglers! Take a friend fishing! Sponsor an event!

## National Fishing Week July 5-13, 2003

- A celebration of recreational fishing across Canada.

## Do You Know a Young Person Looking for a Job in 2003?

Are they interested in the outdoors, natural resources, fish and wildlife?

The Ministry of Natural Resources offers jobs for young people in the following programs:

- Ontario Rangers
- Ontario Stewardship Rangers
- Summer Experience
- Intern Program
- Co-op
- Ontario-Quebec Exchange

Whether youth decide to work within their local communities, live and work at a provincial park, or spend eight weeks working at an Ontario Ranger Camp, their summer will be filled with adventure and unforgettable experiences.

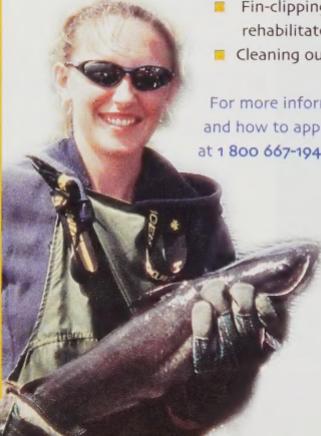

*"...As a team leader, there is nothing more rewarding than witnessing first hand the personal growth displayed by each ranger."*

Michael Fraser, Ontario Stewardship Ranger Team Lead, 2002

In cooperation with various partners, stewardship councils, conservation authorities, provincial parks and ministry staff, young people will have the opportunity to learn, hands-on, the valuable work and care involved in ensuring that Ontario's native fish are available for the enjoyment of future generations.

Some of the fisheries projects that young people worked on in 2002 included:

- Cold water trout stream clean-up
- Walleye and whitefish spawning bed creation and rehabilitation
- Netting walleye and transporting them to lakes
- Fin-clipping 125,000 lake trout for introduction into rehabilitated lakes and streams
- Cleaning outdoor walleye ponds at fish culture stations

For more information on MNR's Youth Employment Programs and how to apply, please visit our website or give us a call at 1 800 667-1940 (1840 for French).
